that have been registered under the Securities Act of 1933, as amended (the “Securities Act”)

**The exchange offer will expire at 5:00 p.m.,
New York City time, on _____, 2020, unless extended.**

We hereby offer, upon the terms and subject to the conditions set forth in this prospectus and the accompanying letter of transmittal (which, together, constitute the “exchange offer”), to exchange up to \$799,997,000 aggregate principal amount of our outstanding original notes (CUSIP Nos. 655844 CG1 and U65584 AG6) for a like principal amount of our exchange notes (CUSIP No. 655844 CH9) that have been registered under the Securities Act. When we use the term “notes” in this prospectus, the term includes the original notes and the exchange notes unless otherwise indicated or the context otherwise requires. The terms of the exchange offer are summarized below and are more fully described in this prospectus.

The terms of the exchange notes are substantially identical to the terms of the original notes in all material respects, except that the exchange notes are registered under the Securities Act and the transfer restrictions, registration rights and additional interest provisions applicable to the original notes do not apply to the exchange notes.

We will accept for exchange any and all original notes validly tendered and not validly withdrawn at or prior to 5:00 p.m., New York City time, on _____, 2020, unless extended.

You may withdraw tenders of original notes at any time prior to the expiration of the exchange offer.

We will not receive any proceeds from the exchange offer.

The exchange of original notes for exchange notes should not be a taxable event for U.S. federal income tax purposes.

We do not intend to list the exchange notes on any national securities exchange.

Each broker-dealer that receives exchange notes for its own account pursuant to the exchange offer must acknowledge that it shall deliver a prospectus in connection with any such resale of such exchange notes. The letter of transmittal states that by so acknowledging and delivering a prospectus, a broker-dealer shall not be deemed to admit that it is an “underwriter” within the meaning of the Securities Act. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of exchange notes received in exchange for original notes where such original notes were acquired by such broker-dealer as a result of market-making activities or other trading activities. We have agreed that we will keep the registration statement, of which this prospectus is a part, effective, for so long as such broker-dealers are required to deliver a prospectus meeting the requirements of the Securities Act in connection with any resales of exchange notes (provided that such period will in no event exceed 270 days after the closing of the exchange offer) and will make this prospectus available to any broker-dealer for use in connection with any such resale. See “Plan of Distribution.”

See “[Risk Factors](#)” beginning on page 8 to read about important factors you should consider before tendering your original notes.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

Summary of the Exchange Offer

On May 15, 2020, in connection with private exchange offers, we issued \$799,997,000 aggregate principal amount of 3.155% Notes due 2055 (the “original notes”). As part of that issuance, we entered into a registration rights agreement with the dealer managers of the private exchange offers, dated as of May 15, 2020, in which we agreed, among other things, to deliver this prospectus to you and to use all commercially reasonable efforts to complete an exchange offer for the original notes. Below is a summary of the exchange offer.

Securities offered: 3.155% Notes due 2055	\$799,997,000 aggregate principal amount of 3.155% Notes due 2055 that have been registered under the Securities Act (the “exchange notes”). The form and terms of the exchange notes are identical in all material respects to those of the original notes except that the exchange notes are registered under the Securities Act and the transfer restrictions, registration rights and additional interest provisions applicable to the original notes do not apply to the exchange notes.
Exchange offer for the original notes	We are offering to exchange up to \$799,997,000 principal amount of our outstanding original notes for a like principal amount of the exchange notes. You may tender original notes only in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. We will issue exchange notes promptly after the expiration of the exchange offer. In order to be exchanged, an original note must be properly tendered and accepted. All original notes that are validly tendered and not validly withdrawn will be exchanged. As of the date of this prospectus, there is \$799,997,000 aggregate principal amount of original notes outstanding. The \$799,997,000 aggregate principal amount of original notes was issued under an indenture dated May 15, 2020.
Expiration date; Tenders	<p>The exchange offer will expire at 5:00 p.m., New York City time, on _____, 2020, which is the thirtieth (30th) calendar day of the offering period, unless we extend the period of time during which the exchange offer is open. In the event of any material change in the exchange offer, we will extend the period of time during which the exchange offer is open if necessary so that at least five (5) business days remain in the exchange offer period following notice of the material change. By tendering your original notes, you represent that:</p> <ul style="list-style-type: none">• you are neither our “affiliate” (as defined in Rule 405 under the Securities Act) nor a broker-dealer tendering original notes acquired directly from us for your own account;• any exchange notes you receive in the exchange offer are being acquired by you in the ordinary course of business;• at the time of commencement of the exchange offer, neither you nor, to your knowledge, anyone receiving exchange notes from you has any arrangement or understanding with any person to participate in the “distribution,” as defined in the Securities Act, of

	<p>the original notes or the exchange notes in violation of the Securities Act;</p> <ul style="list-style-type: none">• you are not engaged in, and do not intend to engage in, the “distribution,” as defined in the Securities Act, of your original notes or the exchange notes; and• if you are a broker-dealer receiving the exchange notes for your own account in exchange for the original notes that you acquired as a result of your market-making or other trading activities, you will deliver a prospectus in connection with any resale of the exchange notes that you receive. For further information regarding resales of the exchange notes by broker-dealers, see the discussion under the caption “Plan of Distribution.”
Accrued interest on the exchange notes and original notes	<p>The exchange notes will bear interest from May 15, 2020. If your original notes are accepted for exchange, you will receive interest on the exchange notes and not on the original notes, provided that you will receive interest on your original notes and not the exchange notes if and to the extent the record date for such interest payment occurs prior to completion of the exchange offer. Any original notes not tendered will remain outstanding and continue to accrue interest according to their terms.</p>
Conditions to the exchange offer	<p>The exchange offer is subject to customary conditions. If we materially change the terms of the exchange offer, we will resolicit tenders of the original notes and extend the exchange offer period if necessary so that at least five (5) business days remain in the exchange offer period following notice of any such material change. See “The Exchange Offer—Conditions to the Exchange Offer” for more information regarding conditions to the exchange offer.</p>
Procedures for tendering original notes	<p>A tendering holder must, on or prior to the expiration date:</p> <ul style="list-style-type: none">• transmit a properly completed and duly executed letter of transmittal, including all other documents required by the letter of transmittal, to the exchange agent at the address listed in this prospectus; or• if original notes are tendered in accordance with the book-entry procedures described in this prospectus, the tendering holder must transmit an agent’s message to the exchange agent at the address listed in this prospectus. See “The Exchange Offer—Procedures for Tendering.”
Special procedures for beneficial holders	<p>If you are a beneficial holder of original notes that are registered in the name of your broker, dealer, commercial bank, trust company or other nominee, and you wish to tender in the exchange offer, you</p>

	should promptly contact the person in whose name your original notes are registered and instruct that nominee to tender on your behalf. See “The Exchange Offer—Procedures for Tendering.”

Acceptance of original notes and delivery of exchange notes	Subject to the conditions stated under the heading “The Exchange Offer—Conditions to the Exchange Offer,” we will accept for exchange any and all original notes which are properly tendered in the exchange offer and not validly withdrawn at or prior to 5:00 p.m., New York City time, on the expiration date. The exchange notes will be delivered promptly after the expiration date. See “The Exchange Offer—Acceptance of Original Notes for Exchange; Delivery of Exchange Notes.”
Material U.S. federal income tax consequences	Your exchange of original notes for exchange notes pursuant to the exchange offer should not be a taxable event for U.S. federal income tax purposes. See “Material U.S. Federal Income Tax Consequences.”
Regulatory requirements	Following the effectiveness of the registration statement covering the exchange offer with the SEC, no other material federal regulatory requirement must be complied with in connection with the exchange offer.
Exchange agent	U.S. Bank National Association is serving as exchange agent in connection with the exchange offer. The address and telephone number of the exchange agent are listed under the heading “The Exchange Offer—Exchange Agent.”
Use of proceeds; expenses	We will not receive any proceeds from the issuance of exchange notes in the exchange offer. We have agreed to pay all expenses incidental to the exchange offer other than underwriting discounts and commissions and concessions and transfer taxes, if any, relating to the sale or disposition of any original notes by a holder of original notes, and will indemnify holders of the notes, including any broker-dealers, against certain liabilities, including liabilities under the Securities Act.
No dissenter’s rights	No dissenter’s rights of appraisal exist with respect to the exchange offer.
Resales	Based on interpretations by the staff of the SEC as detailed in a series of no-action letters issued to third parties, we believe that the exchange notes issued in the exchange offer may be offered for resale, resold or otherwise transferred by you without compliance

with the registration and prospectus delivery requirements of the Securities Act as long as:

- you are acquiring the exchange notes in the ordinary course of your business;
- you are not participating, do not intend to participate and have no arrangement or understanding with any person to participate, in a distribution of the exchange notes; and
- you are neither an affiliate of ours nor a broker-dealer tendering notes acquired directly from us for your own account.

If you are an affiliate of ours or are engaged in or intend to engage in or have any arrangement or understanding with any person to participate in the distribution of the exchange notes:

- you cannot rely on the applicable interpretations of the staff of the SEC; and
- you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale, unless the resale is made pursuant to an exemption from those requirements.

Each broker-dealer that receives exchange notes for its own account in exchange for original notes that were acquired as a result of market-making or other trading activities must acknowledge that it will comply with the registration and prospectus delivery requirements of the Securities Act in connection with any offer to resell or other transfer of the exchange notes issued in the exchange offer. Furthermore, any broker-dealer that acquired any original notes directly from us:

- may not rely on the applicable interpretation of the staff of the SEC's position contained in *Exxon Capital Holdings Corp.*, SEC no-action letter (April 13, 1988), *Morgan, Stanley & Co. Inc.*, SEC no-action letter (June 5, 1991), and *Shearman & Sterling*, SEC no-action letter (July 2, 1993); and
- must also be named as a selling noteholder in connection with the registration and prospectus delivery requirements of the Securities Act relating to any resale transaction.

As a condition to participation in the exchange offer, each holder of original notes will be required to represent that it is not our affiliate or a broker-dealer that acquired the original notes directly from us.

Consequences of not exchanging original notes

If you do not exchange your original notes in the exchange offer, you will continue to be subject to the restrictions on transfer described in the legend on your original notes. In general, you may offer or sell your original notes only:

- if they are registered under the Securities Act and applicable state securities laws;

- if they are offered or sold under an exemption from registration under the Securities Act and applicable state securities laws; or
- if they are offered or sold in a transaction not subject to the Securities Act and applicable state securities laws.

Although your original notes will continue to accrue interest, they will generally retain no rights under the registration rights agreement. We currently do not intend to register any original notes under the Securities Act. Under some circumstances, holders of the original notes, including holders who are not permitted to participate in the exchange offer or who may not freely sell exchange notes received in the exchange offer, may require us to file, and to cause to become effective, a shelf registration statement covering resales of the original notes by these holders. For more information regarding the consequences of not tendering your original notes and our obligations to file a shelf registration statement, see “The Exchange Offer—Consequences of Exchanging or Failing to Exchange the Original Notes” and “The Exchange Offer—Registration Rights Agreement.”

Risks Relating to the Exchange Notes

We may not be able to repurchase the exchange notes upon a Change of Control Repurchase Event.

Upon the occurrence of a Change of Control Repurchase Event (as defined in “Description of the Exchange Notes—Change of Control Repurchase Event”), each holder of exchange notes will have the right to require us to repurchase all or any part of such holder’s exchange notes at a price equal to 101% of their principal amount, plus accrued and unpaid interest, if any, to, but not including, the date of repurchase. If we experience a Change of Control Repurchase Event, we cannot assure you that we would have sufficient financial resources available to satisfy our obligations to repurchase the exchange notes. Furthermore, debt agreements to which we are a party at such time may contain restrictions and provisions limiting our ability to repurchase the exchange notes, and our ability to repurchase the exchange notes may also be limited by law. Our failure to repurchase the exchange notes as required under the indenture governing the exchange notes would result in a default under such indenture, which could have material adverse consequences to us and the holders of the exchange notes. See “Description of the Exchange Notes—Change of Control Repurchase Event.”

The Change of Control Repurchase Event provision applicable to the exchange notes provides only limited protection.

The definition of the term “Change of Control Repurchase Event” in the indenture governing the exchange notes is limited and does not cover a variety of transactions (such as acquisitions by us and recapitalizations or “going private” transactions by our affiliates) that could negatively affect the value of the exchange notes. A Change of Control under the indenture governing the exchange notes may only occur if there is a change in the controlling interest in our business. For a Change of Control Repurchase Event to occur, there must be not only a Change of Control as defined in that indenture, but also a ratings downgrade to below investment grade resulting therefrom. If we were to enter into a significant corporate transaction that negatively affects the value of the exchange notes, but would not result in a Change of Control Repurchase Event, you would not have any rights to require us to repurchase the exchange notes prior to their maturity and may be required to hold the exchange notes despite the occurrence of such a transaction, which could materially and adversely affect your investment. See “Description of the Exchange Notes—Change of Control Repurchase Event.”

We conduct our operations through our subsidiaries and, as with the original notes, claims of holders of the exchange notes will be structurally subordinated to those of creditors and any preferred equity holders of our subsidiaries.

We are a holding company, and we conduct substantially all of our operations through our subsidiaries. We perform management, legal, financial, tax, consulting, administrative and other services for our subsidiaries. Our

principal sources of cash are from external financings, dividends and advances from our subsidiaries, investments, payments by our subsidiaries for services rendered, and interest payments from our subsidiaries on cash advances. The amount of dividends available to us from our subsidiaries largely depends upon each subsidiary's earnings and operating capital requirements. The ability of our subsidiaries to make any payments to us will depend upon the terms of any credit facilities or other debt instruments of the subsidiaries, upon the subsidiaries' earnings, business and tax considerations and legal restrictions.

As a result of our holding company structure, the original notes and the exchange notes effectively rank junior to all existing and future debt, trade payables and other liabilities, and preferred equity of our subsidiaries. Our right and the right of our creditors to participate in the assets of any of our subsidiaries upon any liquidation or reorganization of any such subsidiary will be subject to the prior claims of that subsidiary's creditors, including trade creditors and preferred equity holders, except to the extent that we may ourselves be a creditor of such a subsidiary.

As of June 30, 2020, total liabilities (other than intercompany liabilities) of our railroad subsidiaries were approximately \$10.7 billion and total debt of our railroad subsidiaries was approximately \$172 million.

There is no current public market for the exchange notes, and a market may not develop or be maintained.

The exchange notes are a new issue of securities for which there is currently no public trading market. We do not intend to list the exchange notes on any national securities exchange and cannot guarantee:

- the liquidity or sustainability of any market that may develop for the exchange notes;
- your ability to sell the exchange notes; or
- the price at which you might be able to sell the exchange notes.

Liquidity of any market for the exchange notes and future trading prices of the exchange notes will depend on many factors, including:

- prevailing interest rates;
- any redemption by us of the exchange notes;
- our operating results; and
- the market for similar securities.

The dealer managers for the original notes have advised us that they currently intend to make a market in the exchange notes, but they are not obligated to do so and may cease any market-making at any time without notice. In addition, the dealer managers' market-making activities will be subject to limits imposed by the Securities Act and the Exchange Act. It may be difficult for you to find a buyer for the exchange notes at the time you want to sell them and, even if you find a buyer, you might not receive the price you want.

Risks Relating to the Exchange Offer

You may have difficulty selling the original notes that you do not exchange.

If you do not exchange your original notes for exchange notes pursuant to the exchange offer, the original notes you hold will continue to be subject to the existing transfer restrictions. The original notes may not be offered, sold or otherwise transferred, except in compliance with the registration requirements of the Securities Act, pursuant to an exemption from registration under the Securities Act or in a transaction not subject to the registration requirements of the Securities Act, and in compliance with applicable state securities laws. We do not anticipate that we will register any original notes under the Securities Act. After the exchange offer is consummated, the trading market for the remaining untendered original notes may be small and inactive. Consequently, you may find it difficult to sell any original notes you continue to hold or to sell such original notes at the price you desire because there will be fewer original notes outstanding.

Some noteholders may be required to comply with the registration and prospectus delivery requirements of the Securities Act.

If you exchange your original notes in the exchange offer for the purpose of participating in a distribution of the exchange notes, you may be deemed to have received restricted securities and, if so, you will be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction. In addition, a broker-dealer that purchased original notes for its own account as part of market-making or trading activities must deliver a prospectus when it sells the exchange notes it receives in exchange for original notes in the exchange offer. Our obligation to keep the registration statement of which this prospectus forms a part effective is limited. Accordingly, we cannot guarantee that a current prospectus will be available at all times to broker-dealers wishing to resell their exchange notes.

Late deliveries of original notes or any other failure to comply with the exchange offer procedures could prevent a holder from exchanging its original notes.

Noteholders are responsible for complying with all exchange offer procedures. The issuance of exchange notes in exchange for original notes will only occur upon proper completion of the exchange offer procedures described in this prospectus under the heading “The Exchange Offer.” Therefore, holders of original notes who wish to exchange their original notes for exchange notes should allow sufficient time for timely completion of the exchange offer procedures. Neither we nor the exchange agent are obligated to extend the exchange offer or notify you of any failure to follow the proper exchange offer procedures.

THE EXCHANGE OFFER

Purpose of the Exchange Offer

When we completed the issuance of the original notes on May 15, 2020, we entered into a registration rights agreement with the dealer managers of the private exchange offers. Under the registration rights agreement, we agreed to file a registration statement with the SEC relating to the exchange offer within 180 days after June 1, 2020. We also agreed to use all commercially reasonable efforts to cause the registration statement to become effective with the SEC within 270 days after June 1, 2020 (the “effectiveness target date”) and to consummate this exchange offer within 30 days of the effectiveness target date. The registration rights agreement provides that we will be required to pay additional interest to the holders of the original notes if we fail to comply with such filing, effectiveness and offer consummation requirements. See “—Registration Rights Agreement” below for additional information.

The exchange offer is not being made to holders of original notes in any jurisdiction where the exchange would not comply with the securities or blue sky laws of such jurisdiction. A copy of the registration rights agreement has been filed as an exhibit to the Current Report on Form 8-K (Items 1.01, 2.03 and 9.01) we filed with the SEC on May 15, 2020, and is available from us upon request. See “Where You Can Find More Information.”

Terms of the Exchange Offer

Upon the terms and conditions described in this prospectus and in the accompanying letter of transmittal, which together constitute the exchange offer, we will accept for exchange original notes that are properly tendered at or prior to 5:00 p.m., New York City time, on the expiration date and not validly withdrawn as permitted below. We will issue a like principal amount of exchange notes in exchange for the principal amount of the original notes tendered under the exchange offer. As used in this prospectus, the term “expiration date” means _____, 2020, which is the thirtieth (30th) calendar day of the offering period. However, if we have extended the period of time for which the exchange offer is open, the term “expiration date” means the latest date to which we extend the exchange offer.

As of the date of this prospectus, \$799,997,000 aggregate principal amount of the original notes is outstanding. The original notes were issued under an indenture dated May 15, 2020. This prospectus, together with the letter of transmittal, is first being sent on or about _____, 2020, to all holders of original notes known to us. Our obligation to accept original notes for exchange in the exchange offer is subject to the conditions described below under the heading “—Conditions to the Exchange Offer.” We reserve the right to extend the period of time during which the exchange offer is open. We may elect to extend the exchange offer period if less than 100% of the original notes are tendered or if any condition to consummation of the exchange offer has not been satisfied as of the expiration date and it is likely that such condition will be satisfied after such date. In addition, in the event of any material change in the exchange offer, we will extend the period of time during which the exchange offer is open if necessary so that at least five (5) business days remain in the offering period following notice of the material change. In the event of such extension, and only in such event, we may delay acceptance for exchange of any original notes by giving oral or written notice of the extension to the holders of original notes as described below. During any extension period, all original notes previously tendered will remain subject to the exchange offer and may be accepted for exchange by us. Any original notes not accepted for exchange will be returned to the tendering holder promptly after the expiration or termination of the exchange offer.

Original notes tendered in the exchange offer must be in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. No dissenter’s rights of appraisal exist with respect to the exchange offer.

We reserve the right to amend or terminate the exchange offer, and to decline to accept for exchange any original notes not previously accepted for exchange, upon the occurrence of any of the conditions of the

[Table of Contents](#)

exchange offer specified below under the heading “—Conditions to the Exchange Offer.” We will give oral or written notice of any extension, amendment, non-acceptance or termination to the holders of the original notes as promptly as practicable. Such notice, in the case of any extension, will be issued by means of a press release or other public announcement no later than 9:00 a.m., New York City time, on the next business day after the previously scheduled expiration date.

Our acceptance of the tender of original notes by a tendering holder will form a binding agreement upon the terms and subject to the conditions provided in this prospectus and the accompanying letter of transmittal.

Procedures for Tendering

Except as described below, a tendering holder must, at or prior to 5:00 p.m., New York City time, on the expiration date:

- transmit a properly completed and duly executed letter of transmittal, including all other documents required by the letter of transmittal, to U.S. Bank National Association, as the exchange agent, at the address listed below under the heading “—Exchange Agent;” or
- if original notes are tendered in accordance with the book-entry procedures described below, the tendering holder must transmit an agent’s message to the exchange agent at the address listed below under the heading “—Exchange Agent.”

In addition:

- the exchange agent must receive, at or prior to 5:00 p.m., New York City time, on the expiration date, certificates for the original notes, if any; or
- the exchange agent must receive a timely confirmation of book-entry transfer of the original notes into the exchange agent’s account at The Depository Trust Company, or DTC, the book-entry transfer facility.

The term “agent’s message” means a message, transmitted to DTC and received by the exchange agent and forming a part of a book-entry transfer, that states that DTC has received an express acknowledgment that the tendering holder agrees to be bound by the letter of transmittal and that we may enforce the letter of transmittal against this holder.

The method of delivery of original notes, letters of transmittal and all other required documents is at your election and risk. If the delivery is by mail, we recommend that you use registered mail, properly insured, with return receipt requested. In all cases, you should allow sufficient time to assure timely delivery. You should not send letters of transmittal or original notes to anyone other than the exchange agent.

If you are a beneficial owner whose original notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee, and wish to tender, you should promptly instruct the registered holder to tender on your behalf. Any registered holder that is a participant in DTC’s book-entry transfer facility system may make book-entry delivery of the original notes by causing DTC to transfer the original notes into the exchange agent’s account.

Signatures on a letter of transmittal or a notice of withdrawal must be guaranteed unless the original notes surrendered for exchange are tendered:

- by a registered holder of the original notes who has not completed the box entitled “Special Issuance Instructions” or “Special Delivery Instructions” on the letter of transmittal; or
- for the account of an “eligible institution.”

[Table of Contents](#)

If signatures on a letter of transmittal or a notice of withdrawal are required to be guaranteed, the guarantees must be by an “eligible institution.” An “eligible institution” is a financial institution, including most banks, savings and loan associations and brokerage houses, that is a participant in the Securities Transfer Agents Medallion Program, the New York Stock Exchange Medallion Signature Program or the Stock Exchanges Medallion Program.

We will reasonably determine all questions as to the validity, form and eligibility of original notes tendered for exchange and all questions concerning the timing of receipts and acceptance of tenders. These determinations will be final and binding.

We reserve the right to reject any particular original note not properly tendered, or any acceptance that might, in our judgment or our counsel’s judgment, be unlawful. We also reserve the right to waive any defects or irregularities with respect to the form or procedures applicable to the tender of any particular original note prior to the expiration date. Unless waived, any defects or irregularities in connection with tenders of original notes must be cured within a reasonable period of time. Neither we nor the exchange agent or any other person will be under any duty to give notification of any defect or irregularity in any tender of original notes or incur any liability for failing to give notification of any defect or irregularity.

If the letter of transmittal is signed by a person other than the registered holder of original notes, the letter of transmittal must be accompanied by a certificate of the original notes endorsed by the registered holder or written instrument of transfer or exchange in satisfactory form, duly executed by the registered holder, in either case with the signature guaranteed by an eligible institution. In addition, in either case, the original endorsement or the instrument of transfer must be signed exactly as the name of any registered holder appears on the original notes.

If the letter of transmittal or any original notes or powers of attorney are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, these persons should so indicate when signing. Unless waived by us, proper evidence satisfactory to us of their authority to so act must be submitted.

By tendering, each holder will represent to us that, among other things:

- the holder is not an “affiliate” of ours (as defined in Rule 405 under the Securities Act) or a “broker-dealer” (within the meaning of the Securities Act) tendering original notes acquired directly from us for its own account;
- the exchange notes are being acquired in the ordinary course of business of the person receiving the exchange notes, whether or not that person is the holder or a nominee; and
- neither the holder nor the holder’s nominee, if any, has any arrangement or understanding with any person to participate in the “distribution” (within the meaning of the Securities Act) of the exchange notes.

In the case of a holder that is not a broker-dealer, that holder, by tendering, will also represent to us that the holder is not engaged in, and does not intend to engage in, a distribution of the exchange notes.

However, any holder of original notes who (i) is our “affiliate” (within the meaning of the Securities Act), (ii) intends to participate in the exchange offer for the purpose of distributing the exchange notes, (iii) is a broker-dealer that acquired original notes in a transaction other than as part of its trading or market-making activities, or (iv) has arranged or has an understanding with any person to participate in the distribution of the exchange notes: (1) will not be able to rely on the interpretation by the staff of the SEC set forth in the applicable no-action letters; (2) will not be able to tender its original notes in the exchange offer; and (3) must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any sale or transfer of the original notes unless such sale or transfer is made pursuant to an exemption from such requirements.

Each broker-dealer that receives exchange notes for its own account in exchange for original notes, where the original notes were acquired by it as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus that meets the requirements of the Securities Act in connection with any resale of the exchange notes. The letter of transmittal states that by so acknowledging and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an “underwriter” within the meaning of the Securities Act. However, a broker-dealer may be a statutory underwriter. See “Plan of Distribution.”

Acceptance of Original Notes for Exchange; Delivery of Exchange Notes

Upon satisfaction of all of the conditions to the exchange offer, we will accept, promptly after the expiration date, all original notes that are properly tendered. We will issue the exchange notes promptly after acceptance of the original notes. See “—Conditions to the Exchange Offer” below. For purposes of the exchange offer, we will be deemed to have accepted properly tendered original notes for exchange when, as and if we have given oral or written notice of such acceptance to the exchange agent, with prompt written confirmation of any oral notice.

For each original note accepted for exchange, the holder of the original note will receive an exchange note having a principal amount equal to that of the surrendered original note. The exchange notes will bear interest from May 15, 2020. Original notes accepted for exchange will cease to accrue interest from and after the date of completion of the exchange offer. Holders of original notes whose original notes are accepted for exchange will not receive any payment for accrued interest on the original notes otherwise payable on any interest payment date, the record date for which occurs on or after completion of the exchange offer and will be deemed to have waived their rights to receive the accrued interest on the original notes.

In all cases, issuance of exchange notes for original notes will be made only after timely receipt by the exchange agent of:

- certificates for the original notes, or a timely book-entry confirmation of the original notes into the exchange agent’s account at the book-entry transfer facility;
- a properly completed and duly executed letter of transmittal or a transmitted agent’s message; and
- all other required documents.

Unaccepted or non-exchanged original notes will be returned without expense to the tendering holder of the original notes. In the case of original notes tendered by book-entry transfer in accordance with the book-entry procedures described below, the non-exchanged original notes will be returned or recredited promptly.

Book-Entry Transfer

The exchange agent will make a request to establish an account for the original notes at DTC for purposes of the exchange offer within two business days after the date of this prospectus. Any financial institution that is a participant in DTC’s systems must make book-entry delivery of original notes by causing DTC to transfer those original notes into the exchange agent’s account at DTC in accordance with DTC’s procedure for transfer. This participant should transmit its acceptance to DTC at or prior to 5:00 p.m., New York City time, on the expiration date. DTC will verify this acceptance, execute a book-entry transfer of the tendered original notes into the exchange agent’s account at DTC and then send to the exchange agent confirmation of this book-entry transfer. The confirmation of this book-entry transfer will include an agent’s message confirming that DTC has received an express acknowledgment from this participant that this participant has received and agrees to be bound by the letter of transmittal and that we may enforce the letter of transmittal against this participant. Delivery of exchange notes issued in the exchange offer may be effected through book-entry transfer at DTC. However, the letter of transmittal or facsimile of it or an agent’s message, with any required signature guarantees and any other required documents, must be transmitted to and received by the exchange agent at the address listed below under the heading “—Exchange Agent” at or prior to 5:00 p.m., New York City time, on the expiration date.

Exchanging Book-Entry Notes

The exchange agent and the book-entry transfer facility have confirmed that any financial institution that is a participant in the book-entry transfer facility may utilize the book-entry transfer facility Automated Tender Offer Program, or ATOP, procedures to tender original notes. Any participant in the book-entry transfer facility may make book-entry delivery of original notes by causing the book-entry transfer facility to transfer such original notes into the exchange agent's account in accordance with the book-entry transfer facility's ATOP procedures for transfer. However, the exchange for the original notes so tendered will only be made after a book-entry confirmation of the book-entry transfer of original notes into the exchange agent's account, and timely receipt by the exchange agent of an agent's message and any other documents required by the letter of transmittal. The term "agent's message" means a message, transmitted by the book-entry transfer facility and received by the exchange agent and forming part of a book-entry confirmation, which states that the book-entry transfer facility has received an express acknowledgment from a participant tendering original notes that are the subject of such book-entry confirmation that such participant has received and agrees to be bound by the terms of the letter of transmittal, and that we may enforce such agreement against such participant.

Withdrawal Rights

For a withdrawal to be effective, the exchange agent must receive a written notice of withdrawal at the address or, in the case of eligible institutions, at the facsimile number, indicated below under the heading "—Exchange Agent" at or prior to 5:00 p.m., New York City time, on the expiration date. Any notice of withdrawal must:

- specify the name of the person, referred to as the depositor, having tendered the original notes to be withdrawn;
- identify the original notes to be withdrawn, including the certificate number or numbers and the principal amount of the original notes;
- in the case of original notes tendered by book-entry transfer, specify the number of the account at the book-entry transfer facility from which the original notes were tendered and specify the name and number of the account at the book-entry transfer facility to be credited with the withdrawn original notes and otherwise comply with the procedures of such facility;
- contain a statement that the holder is withdrawing his or her election to have the original notes exchanged;
- be signed by the holder in the same manner as the original signature on the letter of transmittal by which the original notes were tendered, including any required signature guarantees, or be accompanied by documents of transfer to have the trustee with respect to the original notes register the transfer of the original notes in the name of the person withdrawing the tender; and
- specify the name in which the original notes are registered, if different from that of the depositor.

If certificates for original notes have been delivered or otherwise identified to the exchange agent, then, prior to the release of these certificates, the withdrawing holder must also submit the serial numbers of the particular certificates to be withdrawn and signed notice of withdrawal with signatures guaranteed by an eligible institution unless this holder is an eligible institution. We will determine all questions as to the validity, form and eligibility, including time of receipt, of notices of withdrawal. Any original notes so withdrawn will be deemed not to have been validly tendered for exchange. No exchange notes will be issued unless the original notes so withdrawn are validly re-tendered. Any original notes that have been tendered for exchange, but which are not exchanged for any reason, will be returned to the tendering holder without cost to the holder. In the case of original notes tendered by book-entry transfer, the original notes will be credited to an account maintained with the book-entry transfer facility for the original notes. Properly withdrawn original notes may be re-tendered by following the procedures described under the heading "—Procedures for Tendering" above at any time at or prior to 5:00 p.m., New York City time, on the expiration date.

Conditions to the Exchange Offer

Notwithstanding any other provision of the exchange offer, we shall not be required to accept for exchange, or to issue exchange notes in exchange for, any original notes, and may terminate or amend the exchange offer, if at any time at or prior to 5:00 p.m., New York City time, on the expiration date any of the following events occurs:

- there is threatened, instituted or pending any action or proceeding before, or any injunction, order or decree issued by, any court or governmental agency or other governmental regulatory or administrative agency or commission that might materially impair our ability to proceed with the exchange offer; or
- the exchange offer or the making of any exchange by a holder of the original notes would violate applicable law or any applicable interpretation of the staff of the SEC.

In addition, we will not accept for exchange any original notes tendered, and no exchange notes will be issued in exchange for any original notes, if any stop order is threatened by the SEC or in effect relating to the registration statement of which this prospectus constitutes a part or the qualification of the indenture under the Trust Indenture Act of 1939, as amended. We are required to make every reasonable effort to obtain the withdrawal of any order suspending the effectiveness of a registration statement at the earliest possible moment.

Fees and Expenses

We will not make any payment to brokers, dealers or others soliciting acceptances of the exchange offer. We have agreed to pay all expenses incidental to the exchange offer other than commissions and concessions of any broker or dealer and will indemnify holders of the original notes, including any broker-dealers, against certain liabilities, including liabilities under the Securities Act. The cash expenses to be incurred in connection with the exchange offer, including out-of-pocket expenses for the exchange agent, will be paid by us.

Transfer Taxes

We will pay any transfer taxes in connection with the tender of original notes in the exchange offer unless you instruct us to register exchange notes in the name of, or request that original notes not tendered or not accepted in the exchange offer be returned to, a person other than the registered tendering holder. In those cases, you will be responsible for the payment of any applicable transfer taxes.

Consequences of Exchanging or Failing to Exchange the Original Notes

Holders of original notes who do not exchange their original notes for exchange notes in the exchange offer will continue to be subject to the provisions in the indenture regarding transfer and exchange of the original notes and the restrictions on transfer of the original notes as described in the legend on the original notes as a consequence of the issuance of the original notes under exemptions from, or in transactions not subject to, the registration requirements of the Securities Act and applicable state securities laws. In general, the original notes may not be offered, sold or otherwise transferred, unless registered under the Securities Act, except under an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. Original noteholders that do not exchange original notes for exchange notes in the exchange offer will no longer have any registration rights with respect to such notes.

Under existing interpretations of the Securities Act by the SEC's staff contained in several no-action letters to third parties, and subject to the immediately following sentence, we believe that the exchange notes would generally be freely transferable by holders after the exchange offer without further registration under the Securities Act, subject to certain representations required to be made by each holder of exchange notes, as set forth above under the heading "—Procedures for Tendering." However, any holder of original notes who (i) is our "affiliate" (within the meaning of the Securities Act), (ii) intends to participate in the exchange offer for the purpose of distributing the exchange notes, (iii) is a broker-dealer that acquired original notes in a transaction other than as part of its trading or market-making activities, or (iv) has arranged or has an understanding with any person to participate in the distribution of the exchange notes: (1) will not be able to rely on the interpretation by the staff of the SEC set forth in the applicable no-action letters; (2) will not be able to tender its original notes in the exchange offer; and (3) must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any sale or transfer of the original notes unless such sale or transfer is made pursuant to an exemption from such requirements. See "Plan of Distribution."

We do not intend to seek our own interpretation regarding the exchange offer and there can be no assurance that the SEC's staff would make a similar determination with respect to the exchange notes as it has in other interpretations to other parties, although we have no reason to believe otherwise.

Registration Rights Agreement

The following description is a summary of the material provisions of the registration rights agreement. It does not restate that agreement in its entirety. We urge you to read the registration rights agreement in its entirety because it, and not this description, defines your registration rights as holders of the original notes. A copy of the registration rights agreement has been filed as an exhibit to the Current Report on Form 8-K (Items 1.01, 2.03 and 9.01) we filed with the SEC on May 15, 2020 and is available from us upon request. See "Where You Can Find More Information."

[Table of Contents](#)

On May 15, 2020, we and the dealer managers of the private exchange offers entered into the registration rights agreement. Pursuant to the registration rights agreement, we agreed to conduct a registered exchange offer (the “Registered Exchange Offer”), whereby holders of original notes, subject to certain conditions and exceptions, could exchange their original notes for a like aggregate principal amount of substantially identical exchange notes. We agreed to file with the SEC the Exchange Offer Registration Statement with respect to the exchange notes. Upon the effectiveness of this Exchange Offer Registration Statement, of which this prospectus is a part (the “Exchange Offer Registration Statement”), we will offer to the holders of the original notes pursuant to the Registered Exchange Offer who are able to make certain representations the opportunity to exchange their original notes for exchange notes.

If, with respect to a Registered Exchange Offer, either: (1) we are not required to file the Exchange Offer Registration Statement or permitted to consummate the exchange offer, in each case, because the exchange offer is not permitted by applicable law or SEC policy; or (2) any holder of original notes notifies us after commencement of the exchange offer and prior to the twentieth (20th) business day following consummation of the exchange offer that: (i) it is prohibited by law or SEC policy from participating in the exchange offer, (ii) it may not resell the exchange notes acquired by it in the exchange offer to the public without delivering a prospectus and the prospectus contained in the Exchange Offer Registration Statement is not appropriate or available for such resales, or (iii) it is a broker-dealer and owns original notes acquired directly from us or an affiliate of ours; then we will file with the SEC a Shelf Registration Statement (as defined in the registration rights agreement) to cover resales of the original notes by the holders of the original notes who satisfy certain conditions relating to the provision of information in connection with the Shelf Registration Statement.

We agreed to file the Exchange Offer Registration Statement with the SEC within 180 days after June 1, 2020 and to use all commercially reasonable efforts to have the Exchange Offer Registration Statement declared effective by the SEC on or prior to 270 days after June 1, 2020. Unless the exchange offer would not be permitted by applicable law or SEC policy, we agreed to (a) commence the exchange offer, and (b) use all commercially reasonable efforts to issue on or prior to 30 days, or longer, if required by the federal securities laws, after the date on which the Exchange Offer Registration Statement is declared effective by the SEC, the exchange notes in exchange for all of the original notes tendered prior thereto in the exchange offer. If obligated to file the Shelf Registration Statement, we will use all commercially reasonable efforts to file the Shelf Registration Statement with the SEC on or prior to 45 days after such filing obligation arises and to cause the Shelf Registration Statement to become effective under the Securities Act on or prior to 90 days after such obligation arises.

We will pay additional interest to each holder of the original notes if: (1) we fail to file any of the registration statements required by the registration rights agreement on or before the date specified for such filing; (2) any of such registration statements is not declared effective by the SEC or has not become effective under the Securities Act on or prior to the date specified for such effectiveness (the “Effectiveness Target Date”); (3) we fail to consummate the exchange offer within 30 days of the Effectiveness Target Date with respect to the Exchange Offer Registration Statement; or (4) the Shelf Registration Statement or the Exchange Offer Registration Statement is declared effective or becomes effective but thereafter ceases to be effective or usable in connection with resales of original notes during the periods specified in the registration rights agreement (each such event referred to in clauses (1) through (4) above, a “Registration Default”).

With respect to the first 90-day period immediately following the occurrence of the first Registration Default, additional interest will be paid in an amount equal to 0.25% per annum of the principal amount of the original notes. The amount of the additional interest will increase by an additional 0.25% per annum with respect to each subsequent 90-day period until all Registration Defaults have been cured, up to a maximum amount of additional interest for all Registration Defaults of 0.50% per annum of the principal amount of the original notes.

All accrued additional interest will be paid by us on the next scheduled interest payment date to DTC or its nominee by wire transfer of immediately available funds or by federal funds check and to holders of definitive

original notes by wire transfer to the accounts specified by them or by mailing checks to their registered addresses if no such accounts have been specified. Following the cure of all Registration Defaults, the accrual of additional interest will cease.

Holders of the original notes will be required to make certain representations to us (as described in the registration rights agreement) in order to participate in the exchange offer and will be required to deliver certain information to be used in connection with the Shelf Registration Statement in order to have their original notes included in the Shelf Registration Statement and benefit from the provisions regarding additional interest set forth above. By including the original notes in the Shelf Registration Statement, a holder will be deemed to have agreed to indemnify us against certain losses arising out of information furnished by such holder in writing for inclusion in any Shelf Registration Statement. Holders of the original notes will also be required to suspend their use of the prospectus included in the Shelf Registration Statement under certain circumstances upon receipt of written notice to that effect from us.

USE OF PROCEEDS

We will not receive any proceeds from the exchange offer. In consideration for issuing exchange notes, we will receive original notes of like principal amount. The original notes surrendered in exchange for exchange notes will be retired and canceled.

Note 1: In 2017, as a result of the enactment of tax reform, “Railway operating expenses” included a \$151 million benefit and “Income taxes” included a \$3,331 million benefit, which added \$3,482 million to “Net income” and \$12.00 to “Diluted earnings per share.”

Note 2: On January 1, 2019, we adopted Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2016-02, “*Leases (Topic 842)*,” which requires lessees to recognize right-of-use (ROU) assets and lease liabilities on the balance sheet for leases greater than twelve months. As a result of the adoption, the Consolidated Balance Sheets include the recognition of ROU assets of \$586 million and corresponding lease liabilities of \$586 million at June 30, 2019, ROU assets of \$539 million and corresponding lease liabilities of \$538 million at December 31, 2019, and ROU assets of \$491 million and corresponding lease liabilities of \$490 million at June 30, 2020.

Note 3: In the first quarter of 2020, we committed to a plan to dispose of certain locomotives deemed excess and no longer needed for railroad operations. Specifically, during the first six months of 2020, we recorded a charge related to the loss on the sale of approximately 450 locomotives disposed of in the first six months, and a write-down of approximately 250 additional locomotives that we are actively marketing to sell. Accordingly, a \$385 million loss was recorded to adjust their carrying amount to their estimated fair value. The loss on asset disposal reduced “Diluted earnings per share” by \$1.11.

DESCRIPTION OF THE EXCHANGE NOTES

The exchange notes will be issued under an indenture (the “indenture”), dated as of May 15, 2020, between us and U.S. Bank National Association, as trustee (the “Trustee”). The indenture contains provisions that define your rights under the exchange notes and governs our obligations under the exchange notes. The indenture provides for the issuance of the exchange notes and sets forth the duties of the Trustee. The following description is only a summary of certain provisions of the indenture and the exchange notes, and is qualified in its entirety by reference to the provisions of the indenture and the exchange notes, including the definitions therein of certain terms. The terms of the exchange notes will include those stated in the indenture and those made part of the indenture by reference to the Trust Indenture Act of 1939, as amended. A copy of the indenture has been filed as an exhibit to the Current Report on Form 8-K (Items 1.01, 2.03 and 9.01) we filed with the SEC on May 15, 2020 and is available from us upon request. See “Where You Can Find More Information.” We urge you to read the indenture (including the form of the exchange note) because it, and not this description, defines your rights as a holder of exchange notes. Certain defined terms used in this description but not defined below have the meanings assigned to them in the indenture.

The registered holder of an exchange note will be treated as the owner of it for all purposes. Only registered holders will have rights under the indenture. When used in this section, the terms “Norfolk Southern,” the “Company,” “we,” “our” and “us” refer solely to Norfolk Southern Corporation and do not, unless otherwise specified, include our consolidated subsidiaries.

General

The exchange notes will be issued in fully registered, global form only, in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof, and will mature on May 15, 2055, unless earlier redeemed.

We may, from time to time, without notice to or the consent of the holders of the debt securities of the series of which the original notes and the exchange notes form a part (collectively, the “outstanding notes”), create and issue additional notes ranking *pari passu* in all respects with the outstanding notes and having the same terms as to status, redemption or otherwise as the outstanding notes (except for the payment of interest accruing prior to the issue date of such additional notes, or except for the first payment of interest following the issue date of such additional notes) so that such additional notes may be consolidated and form a single series of debt securities with the outstanding notes; provided, however, that we will use a separate CUSIP for any such additional notes that are not fungible with the original notes of such series for U.S. federal income tax purposes. Any such additional notes will vote and act together as a single class with the outstanding notes under the indenture.

The exchange notes will bear interest from May 15, 2020, at a rate per annum of 3.155%, payable semi-annually in arrears on May 15 and November 15 of each year, commencing on November 15, 2020 (the “interest payment dates”), to the persons in whose names the exchange notes are registered at the close of business on the immediately preceding May 1 and November 1, respectively, whether or not that day is a business day (the “record dates”).

If any interest payment date, any redemption date or the maturity date falls on a day that is not a Business Day, the required payment shall be made on the next Business Day as if it were made on the date such payment was due, and no interest shall accrue on the amount so payable for the period from and after such interest payment date, such redemption date or the maturity date, as the case may be. “Business Day” means any day, other than a Saturday, a Sunday or a day on which banking institutions in the City of New York, New York are authorized or obligated by law, regulation, executive order or governmental decree to close. Interest, principal and any premium will be payable in U.S. dollars at the Trustee’s New York corporate trust office, which is located at 100 Wall Street, Suite 1600, New York, New York 10005, Attn: Global Corporate Trust Services. There will be no sinking fund payments for the exchange notes.

Other than the provisions of the indenture described below relating to limitation on liens, limitations on funded debt and the change of control repurchase event, the indenture and the exchange notes will not contain any provisions that may afford you protection in the event of a highly leveraged transaction or other transaction that may occur in connection with a change of control of Norfolk Southern or any of its subsidiaries.

Ranking

The exchange notes will be our direct, unsecured unsubordinated obligations and will rank equally in right of payment with each other and with all of our other existing and future unsecured and unsubordinated indebtedness. As of June 30, 2020, we had \$12.8 billion of outstanding senior indebtedness (none of which is secured indebtedness) not including the debt of our subsidiaries. Because we are a holding company, the exchange notes effectively will rank junior to all liabilities and preferred equity of our subsidiaries. See “Risk Factors—Risks Relating to the Exchange Notes—We conduct our operations through our subsidiaries and, as with the original notes, claims of holders of the exchange notes will be structurally subordinated to those of creditors and any preferred equity holders of our subsidiaries.” As of June 30, 2020, total liabilities (other than intercompany liabilities) of our railroad subsidiaries were approximately \$10.7 billion and total debt of our railroad subsidiaries was approximately \$172 million.

Optional Redemption

The exchange notes will be redeemable in whole at any time or in part from time to time, at our option, as described below.

If the exchange notes are redeemed prior to November 15, 2054, the redemption price for the exchange notes to be redeemed will be equal to the greater of (i) 100% of their principal amount or (ii) the sum of the present value of the remaining scheduled payments of principal and interest on the exchange notes to be redeemed, to and including November 15, 2054 (exclusive of interest accrued to, but not including, the date of redemption), discounted to the date of redemption on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Yield plus 30 basis points, plus accrued and unpaid interest on the principal amount being redeemed to, but not including, the redemption date.

If the exchange notes are redeemed on or after November 15, 2054, the redemption price for the exchange notes to be redeemed will equal 100% of the principal amount of such exchange notes, plus accrued and unpaid interest to, but not including, the redemption date.

For purposes of this optional redemption provision:

“*Treasury Yield*” means, with respect to any redemption date, (1) the yield under the heading which represents the average for the immediately preceding week, appearing in the most recently published statistical release designated “H.15(519)” or any successor publication which is published weekly by the Board of Governors of the Federal Reserve System and which establishes yields on actively traded United States Treasury securities adjusted to constant maturity under the caption “Treasury Constant Maturities,” for the maturity corresponding to the Comparable Treasury Issue (if no maturity is within three months before or after November 15, 2054, yields for the two published maturities most closely corresponding to the Comparable Treasury Issue will be determined and the Treasury Yield will be interpolated or extrapolated from such yields on a straight line basis, rounding to the nearest month) or (2) if such release (or any successor release) is not published during the week preceding the calculation date or does not contain such yields, the rate per annum equal to the semi-annual equivalent yield-to-maturity of the Comparable Treasury Issue, calculated using a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price of such redemption date. The Treasury Yield will be calculated on the third Business Day preceding the redemption date.

[Table of Contents](#)

“*Comparable Treasury Issue*” means the United States Treasury security selected by the Independent Investment Banker as having a maturity most comparable to November 15, 2054 that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of a maturity comparable to the remaining term of the exchange notes.

“*Independent Investment Banker*” means one of the Reference Treasury Dealers appointed by us.

“*Comparable Treasury Price*” means (1) the average of five Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest Reference Treasury Dealer Quotations, or (2) if the Independent Investment Banker obtains fewer than five such Reference Treasury Dealer Quotations, the average of all such quotations.

“*Reference Treasury Dealer*” means each of (i) Morgan Stanley & Co. LLC, BofA Securities, Inc., and Wells Fargo Securities, LLC; and (ii) two other primary U.S. Government securities dealers in New York, New York (“*Primary Treasury Dealers*”) appointed by the Company and their respective successors; provided, however, that if any of the foregoing ceases to be a Primary Treasury Dealer or otherwise fails to provide a Reference Treasury Dealer Quotation, the Company will substitute therefor another Primary Treasury Dealer.

“*Reference Treasury Dealer Quotation*” means a quotation for a Comparable Treasury Issue provided by a Reference Treasury Dealer.

Certain Covenants

The indenture contains the covenants summarized below, which will be applicable (unless waived or amended) so long as any of the exchange notes or any of the original notes are outstanding.

Limitations on Liens

The indenture provides that the Company will not, and will not permit any of its Subsidiaries to, create, assume, incur or suffer to exist any mortgage, pledge, lien, encumbrance, charge or security interest of any kind, other than a Purchase Money Lien, upon any stock or indebtedness, whether owned on the date the outstanding notes were first issued or thereafter acquired, of the Principal Subsidiary, to secure any Obligation (other than the outstanding notes) of the Company, any Subsidiary or any other Person, without in any such case making effective provision whereby all of the outstanding notes are secured equally and ratably with such Obligation. This limitation will not apply to any mortgage, pledge, lien, encumbrance, charge or security interest on any stock or indebtedness of a corporation existing at the time such corporation becomes a Subsidiary. Such limitation will not restrict any of our other property or other property of our Subsidiaries or restrict the sale by us or any Subsidiary of any stock or indebtedness of any Subsidiary.

Limitations on Funded Debt

The indenture provides that the Company will not permit any Restricted Subsidiary to incur, issue, guarantee or create any Funded Debt unless, after giving effect thereto, the sum of the aggregate amount of all outstanding Funded Debt of the Restricted Subsidiaries would not exceed an amount equal to 15% of Consolidated Net Tangible Assets.

The limitation on Funded Debt will not apply to, and there will be excluded from Funded Debt in any computation under such restriction, Funded Debt secured by:

- (a) Liens on real or physical property of any corporation existing at the time such corporation becomes a Subsidiary;

- (d) Liens in favor of the Company or any Restricted Subsidiary;
- (e) Liens in favor of the United States of America, any State thereof or the District of Columbia, or any agency, department or other instrumentality thereof, to secure partial, progress, advance or other payments pursuant to any contract or the provisions of any statute;

- (i) Liens under workers' compensation laws, unemployment insurance laws or similar legislation, or good faith deposits in connection with bids, tenders, contracts or deposits to secure public or statutory obligations of the Company or any Restricted Subsidiary, or deposits of cash or obligations of the United States of America to secure surety and appeal bonds to which the Company or any Restricted Subsidiary is a party or in lieu of such bonds, or pledges or deposits for similar purposes in the ordinary course of business, or Liens imposed by law, such as laborers' or other employees', carriers', warehousemen's, mechanics', materialmen's and vendors' Liens and Liens arising out of judgments or awards against the Company or any Restricted Subsidiary with respect to which the Company or such Restricted Subsidiary at the time shall be prosecuting an appeal or proceedings for review and with respect to which it shall have secured a stay of execution pending such appeal or proceedings for review, or Liens for taxes not yet subject to penalties for nonpayment or the amount or validity of which is being in good faith contested by appropriate proceedings by the Company or any Restricted Subsidiary, as the case may be, or minor survey exceptions, minor encumbrances, easements or reservations of, or rights of others for, rights of way, sewers, electric lines, telegraph and telephone lines and other similar purposes, or zoning or other restrictions or Liens on the use of real properties, which Liens, exceptions, encumbrances, easements, reservations, rights and restrictions do not, in the opinion of the Company, in the aggregate materially detract from the value of said properties or materially impair their use in the operation of the business of the Company and its Restricted Subsidiaries;
- (j) Liens incurred to finance construction, alteration or repair of any real or physical property and improvements thereto prior to or within 270 days after completion of such construction, alteration or repair;

“*Receivables*” mean any right of payment from or on behalf of any obligor, whether constituting an account, chattel paper, instrument, general intangible or otherwise, arising, either directly or indirectly, from the financing by the Company or any Subsidiary of the Company of property or services, monies due thereunder, security interests in the property and services financed thereby and any and all other related rights.

Change of Control Repurchase Event

If a Change of Control Repurchase Event occurs with respect to the outstanding notes, unless the Company has exercised its right to redeem the exchange notes as described above, the Company will make an offer to each holder of the exchange notes to repurchase all or any part (in integral multiples of \$1,000) of that holder's exchange notes at a repurchase price (the "repurchase price") in cash equal to 101% of the aggregate principal amount of such exchange notes repurchased plus any accrued and unpaid interest on the exchange notes repurchased to, but not including, the repurchase date. Within 30 days following a Change of Control Repurchase Event or, at the Company's option, prior to a Change of Control, but after the public announcement of such Change of Control, the Company will mail, or cause to be mailed, a notice to each holder of the exchange notes, with a copy to the Trustee, describing the transaction or transactions that constitute or may constitute the Change of Control Repurchase Event and offering to repurchase the exchange notes on the payment date specified in the notice (such offer the "repurchase offer" and such date the "repurchase date"), which repurchase date will be a Business Day that is no earlier than 30 days and no later than 60 days from the date such notice is mailed. The notice shall, if mailed prior to the date of consummation of the Change of Control, state that the repurchase offer is conditioned on a Change of Control Repurchase Event occurring on or prior to the repurchase date.

The Company will comply with the requirements of Rule 14e-1 under the Exchange Act, and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the exchange notes as a result of a Change of Control Repurchase Event. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control Repurchase Event provisions of the exchange notes, the Company will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control Repurchase Event provisions of the exchange notes by virtue of such conflict.

On the repurchase date following a Change of Control Repurchase Event, the Company will, to the extent lawful:

- (1) accept for payment all exchange notes or portions of exchange notes properly tendered pursuant to the repurchase offer;
- (2) deposit with the Trustee, or with such paying agent as the Trustee may designate, an amount equal to the aggregate repurchase price for all exchange notes or portions of exchange notes properly tendered; and
- (3) deliver, or cause to be delivered, to the Trustee the exchange notes properly accepted, together with an Officers' Certificate stating the aggregate principal amount of exchange notes being repurchased by the Company pursuant to the repurchase offer and that all conditions precedent to the repurchase by the Company of exchange notes pursuant to the repurchase offer have been complied with.

The Trustee will promptly mail, or cause the paying agent to promptly mail, to each holder of exchange notes or portions of exchange notes properly tendered, the repurchase price for such exchange notes or portions of exchange notes, and the Trustee will promptly authenticate and mail (or cause to be transferred by book-entry) to each holder a new note equal in principal amount to any unpurchased portion of any exchange notes surrendered, as applicable; provided that each new note will be in a principal amount equal to \$2,000 or an integral multiple of \$1,000 in excess thereof.

The Company will not be required to make a repurchase offer upon a Change of Control Repurchase Event if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for such an offer made by the Company and such third party purchases all outstanding notes or portions of outstanding notes properly tendered and not withdrawn under its offer.

For purposes of the foregoing discussion of a repurchase at the option of holders, the following definitions are applicable:

“Below Investment Grade Ratings Event” means, with respect to the outstanding notes, on any day within the 60-day period (which period shall be extended so long as the rating of the outstanding notes is under publicly announced consideration for a possible downgrade by any Rating Agency) after the earlier of (1) the occurrence of a Change of Control; or (2) public notice of the occurrence of a Change of Control or the intention by the Company to effect a Change of Control, the outstanding notes are rated below Investment grade by each and every Rating Agency. Notwithstanding the foregoing, a Below Investment Grade Ratings Event otherwise arising by virtue of a particular reduction in rating shall not be deemed to have occurred in respect of a particular Change of Control (and thus shall not be deemed a Below Investment Grade Ratings Event for purposes of the definition of Change of Control Repurchase Event hereunder) if the rating agencies making the reduction in rating to which this definition would otherwise apply do not announce or publicly confirm or inform the Trustee in writing at the Company’s request that the reduction was the result, in whole or in part, of any event or circumstance comprised of or arising as a result of, or in respect of, the applicable Change of Control (whether or not the applicable Change of Control shall have occurred at the time of the Below Investment Grade Ratings Event).

“Change of Control” means the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is that any “person” or “group” (as those terms are used in Section 13(d)(3) of the Exchange Act), other than the Company or its subsidiaries, becomes the beneficial owner (as defined in Rules 13d-3 and 13d-5 under the Exchange Act), directly or indirectly, of more than 50% of the combined voting power of the Company’s Voting Stock or other Voting Stock into which the Company’s Voting Stock is reclassified, consolidated, exchanged or changed measured by voting power rather than number of shares.

“Change of Control Repurchase Event” means the occurrence of both a Change of Control and a Below Investment Grade Ratings Event with respect to the outstanding notes.

“Investment grade” means, with respect to Moody’s, a rating of Baa3 or better (or its equivalent under any successor rating categories of Moody’s); with respect to S&P, a rating of BBB- or better (or its equivalent under any successor rating categories of S&P); and, with respect to any additional Rating Agency or Rating Agencies selected by the Company, the equivalent investment grade credit rating.

“Moody’s” means Moody’s Investors Service, Inc., a subsidiary of Moody’s Corporation, and its successors.

“Rating Agency” means (1) each of Moody’s and S&P; and (2) if either of Moody’s or S&P ceases to rate the exchange notes or fails to make a rating of the exchange notes publicly available for reasons outside of the Company’s control, a “nationally recognized statistical rating organization” as defined in Section 3(a)(62) of the Exchange Act, selected by the Company (as certified by a Board Resolution) as a replacement agency for Moody’s or S&P, or both of them, as the case may be.

“S&P” means S&P Global Ratings, a division of S&P Global Inc., and its successors.

“Voting Stock” of any specified “person” (as that term is used in Section 13(d)(3) of the Exchange Act) as of any date means the capital stock of such person that is at the time entitled to vote generally in the election of the board of directors of such person.

The Change of Control Repurchase Event provisions of the exchange notes may in certain circumstances make more difficult or discourage a sale or takeover of the Company and, thus, the removal of incumbent management. We could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control Repurchase Event under the exchange notes, but that could increase the amount of indebtedness outstanding at such time or otherwise affect our capital structure or credit ratings on the exchange notes.

[Table of Contents](#)

If we experience a Change of Control Repurchase Event, we may not have sufficient financial resources available to satisfy our obligations to repurchase all exchange notes or portions of exchange notes properly tendered. Furthermore, debt agreements to which we are a party at such time may contain restrictions and provisions limiting our ability to repurchase the exchange notes. Our failure to repurchase the exchange notes as will be required under the indenture would result in a default under the indenture, which could have material adverse consequences for us and the holders of the exchange notes.

The definition of the term “Change of Control Repurchase Event” is limited and does not cover a variety of transactions (such as acquisitions by us and recapitalizations or “going private” transactions by our affiliates) that could negatively affect the value of the exchange notes. A Change of Control may only occur if there is a change in the controlling interest in our business. For a Change of Control Repurchase Event to occur, there must be not only a Change of Control, but also a ratings downgrade to below investment grade resulting therefrom. If we were to enter into a significant corporate transaction that negatively affects the value of the exchange notes, but would not result in a Change of Control Repurchase Event, you would not have any rights to require us to repurchase the exchange notes prior to their maturity and may be required to hold the exchange notes despite the event, which could materially and adversely affect your investment.

Consolidation, Merger and Sale of Assets

The indenture provides that so long as any exchange notes are outstanding, we cannot consolidate with or merge into any other Person, or sell, assign, transfer, convey, lease or otherwise dispose of all, or substantially all, of our assets, in one or more related transactions, to any Person, unless:

- either we are the surviving entity or the Person formed by such consolidation or into which we are merged, or to which such sale, assignment, transfer, conveyance, lease or other disposition has been made is a corporation, partnership or limited liability company organized and existing under the laws of the United States, any state of the United States or the District of Columbia, and shall expressly assume, by a supplemental indenture in a form reasonably satisfactory to the Trustee, our obligations under the outstanding notes and the indenture;
- immediately after giving effect to such transaction and treating any indebtedness which becomes an Obligation of ours or any Subsidiary as a result of such transaction as having been incurred by us or such Subsidiary at the time of such transaction, no event of default (and no event which, after notice or lapse of time or both, would become an event of default) will have occurred and be continuing; and
- we have delivered to the Trustee an officers’ certificate and an opinion of counsel, each stating that such consolidation, merger, sale, assignment, transfer, conveyance, lease or other disposition complies with the indenture and that all conditions precedent relating to such transaction have been complied with.

Since we are a holding company, if one of our Subsidiaries distributes its assets as a result of a liquidation or recapitalization of that Subsidiary, our rights, and indirectly the rights of our creditors and of the holders of our debt securities (including the exchange notes) to participate in such Subsidiary’s distribution of assets will be subject to the prior claims of such Subsidiary’s creditors, except to the extent that we may be a creditor with prior claims enforceable against such Subsidiary.

Events of Default

Under the indenture, each of the following is an “event of default”:

- failure to pay the principal of and premium, if any, on any outstanding notes when due and payable at maturity or otherwise;
- failure to pay any interest on any outstanding notes when due and payable, and this failure continues for 30 days;

- failure to perform any other covenant or agreement in, or provisions of, the outstanding notes or the indenture, and the failure continues for 90 days after we receive from the Trustee, or, in the case of notice by the holders, we and the Trustee receive from the holders of at least 25% in aggregate principal amount of the outstanding notes, a notice of default;
- acceleration of any of our indebtedness (or indebtedness of any “significant subsidiary” of Norfolk Southern, as defined in the federal securities laws) in an aggregate principal amount that exceeds \$100,000,000 within 10 days after we receive from the Trustee, or, in the case of notice by the holders, we and the Trustee receive from the holders of at least 25% in aggregate principal amount of the outstanding notes, a notice of default; and
- certain events of bankruptcy, insolvency or reorganization.

If an event of default occurs and is continuing, either the Trustee or the holders of at least 25% in aggregate principal amount of the outstanding notes may notify Norfolk Southern (and the Trustee, if notice is given by the holders) and declare that the unpaid principal of, premium, if any, and accrued interest on, if any, the outstanding notes is due and payable immediately. However, under certain circumstances, the holders of a majority in aggregate principal amount of outstanding notes may be able to rescind and annul this declaration for accelerated payment. Norfolk Southern will furnish the Trustee with an annual statement that describes how Norfolk Southern has performed its obligations under the indenture, and that specifies any defaults that may have occurred. See “—Compliance Certificates.”

Modification and Waiver

We and the Trustee may modify or amend the indenture by obtaining the written consent of the holders of not less than a majority in aggregate principal amount of the outstanding notes. However, no such modification or amendment may, without the consent of each holder of outstanding notes:

- reduce the amount of outstanding notes whose holders must consent to an amendment, supplement or waiver;
- reduce the interest rate on the outstanding notes;
- reduce the principal amount of or the premium, if any, on the outstanding notes, or change the stated maturity of the outstanding notes;
- change the place, manner, timing or currency of payment of principal of, premium, if any, or interest on, the outstanding notes;
- reduce the portion of the principal amount of an OID Security (as defined in the indenture) payable upon acceleration of its maturity; or
- make any changes in the amendment and waiver provisions above.

The holders of not less than a majority in principal amount of the outstanding notes, on behalf of all of the holders of the outstanding notes, will be permitted to waive any past default under the indenture with respect to the outstanding notes, and its consequences, except a default in the payment of the principal of, and premium, if any, or interest on outstanding notes or a default in respect of a covenant or provision of the indenture which cannot be modified or amended without the consent of the holder of each outstanding note. Any such consent or waiver by the holder of an outstanding note shall be binding upon such holder and upon every subsequent holder of such outstanding note, irrespective of whether or not any notation of such consent or waiver is made upon such outstanding note, unless revoked as provided in the indenture.

Discharge, Defeasance and Covenant Defeasance of Indenture

We may discharge certain obligations to holders of any outstanding notes under the indenture when:

- all of the outstanding notes have been delivered to the trustee for cancellation; or

[Table of Contents](#)

- after the outstanding notes have become due and payable, or will become due and payable at their stated maturity within one year, or are to be called for redemption within one year, we have irrevocably deposited or caused to be deposited with the trustee as trust funds in trust (a) money in an amount, or (b) U.S. Government Obligations that through the payment of principal and interest in respect thereof in accordance with their terms will provide, not later than one day before the due date of any payment, money in an amount or (c) a combination of (a) and (b), sufficient to pay and discharge each installment of principal of and premium, if any, and interest on the outstanding notes on the dates such installments of interest or principal and premium are due;

and if, in either case, we have paid or caused to be paid all other sums payable by us under the indenture with respect to the outstanding notes and we have delivered to the trustee an officers' certificate and an opinion of counsel each stating that the requisite conditions precedent have been complied with.

In addition, we may elect with respect to the outstanding notes either:

- to defease and be discharged from our obligations with respect to the outstanding notes (except as otherwise will be provided in the indenture) ("defeasance"), or
- to be released from our obligations with respect to the outstanding notes under certain restrictive covenants set forth in the indenture and our obligations with respect to any other restrictive covenant applicable to the outstanding notes ("covenant defeasance").

We may exercise our defeasance option or our covenant defeasance option with respect to any outstanding notes, only if:

- we have irrevocably deposited or caused to be deposited with the Trustee as trust funds in trust (a) money in an amount, or (b) U.S. Government Obligations that through the payment of principal and interest in respect thereof in accordance with their terms will provide, not later than one day before the due date of any payment, money in an amount or (c) a combination of (a) and (b), sufficient to pay and discharge each installment of principal of and premium, if any, and interest on the outstanding notes on the dates such installments of interest or principal and premium are due; and
- no event of default with respect to the outstanding notes has occurred and is continuing on the date of the deposit.

Absent a change in federal tax laws, a defeasance is likely to be treated as a taxable exchange by holders of the exchange notes for an issue consisting of either obligations of the trust or a direct interest in the cash and securities held in the trust, with the result that such holders would be required for tax purposes to recognize gain or loss as if such obligations or the cash or securities deposited, as the case may be, had actually been received by them in exchange for their exchange notes. In addition, if the holders are treated as the owners of their proportionate share of the cash or securities held in trust, such holders would then be required to include in their income for tax purposes any income, gain or loss attributable thereto even though no cash was actually received. Thus, such holders might be required to recognize income for tax purposes in different amounts and at different times than would be recognized in the absence of defeasance. Holders of original notes are urged to consult their own tax advisors as to the specific consequences of defeasance.

Governing Law

The indenture and the exchange notes will be governed by, and construed in accordance with, the laws of the State of New York, except to the extent that the Trust Indenture Act of 1939, as amended, and the regulations promulgated thereunder, shall be applicable.

Compliance Certificates

As provided in the indenture, we will deliver to the Trustee, within 120 days after the end of each fiscal year of the Company, a written statement, signed by certain of our executive officers, stating that a review of the

activities of the Company and its Subsidiaries during the preceding fiscal year has been made under the supervision of the signing executive officers with a view to determining whether the Company has kept, observed, performed and fulfilled its obligations under the indenture, and further stating, that, to such executive officers' knowledge, the Company has kept, observed, performed and fulfilled each and every covenant contained in the indenture and is not in default in the performance or observance of any of the terms, provisions and conditions thereof (or, if a default or event of default shall have occurred, describing all such defaults or events of default of which such executive officers have knowledge and what action the Company is taking or proposes to take, if any, with respect thereto).

Concerning the Trustee

U.S. Bank National Association will be the Trustee and will act as the security registrar and paying agent for the exchange notes. The exchange notes will rank equally with any outstanding original notes. There is no default, and there has not been a default, with respect to the original notes.

The holders of a majority, in aggregate principal amount, of the outstanding notes will have the right to direct the time, method and place to conduct any proceeding to exercise any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee with respect to the outstanding notes, subject to certain exceptions. The indenture provides that if an event of default occurs (and is not cured) with respect to the exchange notes, the Trustee will be required, in the exercise of its power, to use the same degree of care and skill a prudent Person would use in the conduct of that Person's own affairs. Subject to this standard, the Trustee is not obligated to exercise any of its powers under the indenture at the request of a holder of exchange notes, unless the holder offers to indemnify the Trustee against any loss, liability or expense, and then only to the extent required by the terms of the indenture.

U.S. Bancorp Investments, Inc., an affiliate of the Trustee, has provided certain financial advisory and investment banking services for us from time to time for which it has received customary fees and expenses.

MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES

The following is a summary of the material U.S. federal income tax consequences to a holder who exchanges its original notes for exchange notes pursuant to the exchange offer. This summary is based upon existing U.S. federal income tax law, which is subject to change, possibly with retroactive effect. This summary does not discuss all aspects of U.S. federal income taxation which may be important to particular investors in light of their individual investment circumstances, such as original notes held by investors subject to special tax rules (e.g., financial institutions, insurance companies, broker-dealers, tax-exempt organizations (including private foundations) and partnerships and their partners), or to persons that hold the original notes as part of a straddle, hedge, conversion, constructive sale, or other integrated security transaction for U.S. federal income tax purposes or that have a functional currency other than the U.S. dollar, or to accrual method taxpayers subject to special tax accounting rules as a result of their use of financial statements, all of whom may be subject to tax rules that differ significantly from those summarized below. In addition, this summary does not address any state, local, or non-U.S. tax considerations. Each holder is urged to consult his tax advisor regarding the U.S. federal, state, local, and non-U.S. income and other tax consequences of the ownership and disposition of the exchange notes.

An exchange of original notes for exchange notes pursuant to the exchange offer should not be a taxable event for U.S. federal income tax purposes. Consequently, a holder of original notes should not recognize gain or loss, for U.S. federal income tax purposes, as a result of exchanging original notes for exchange notes pursuant to the exchange offer. Exchange notes received in exchange for the original notes should be treated as a continuation of the original notes. Consequently, the holding period of the exchange notes should be the same as the holding period of the original notes, and the tax basis in the exchange notes should be the same as the adjusted tax basis in the original notes as determined immediately before the exchange. In addition, the tax consequences of holding and disposing of the exchange notes should be the same as those of holding and disposing of the original notes.

PLAN OF DISTRIBUTION

Each broker-dealer that receives exchange notes for its own account under the exchange offer in exchange for original notes that were acquired as a result of market making or other trading activities must acknowledge that it will deliver a prospectus in connection with any resale of such exchange notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer for resales of exchange notes received in exchange for original notes that had been acquired as a result of market-making or other trading activities. We have agreed that we will furnish without charge as many copies of this prospectus, as it may be amended or supplemented, to any broker-dealer that notifies us it is using this registration statement as such broker-dealer reasonably requests, for use in connection with any such resale, together with an appropriate letter of transmittal and related documents. Any broker-dealers required to use this prospectus and any amendments or supplements to this prospectus for resales of exchange notes must notify us of this fact by checking the box on the letter of transmittal requesting additional copies of these documents.

Notwithstanding the foregoing, we may suspend the use of this prospectus by broker-dealers under specified circumstances. For example, we may suspend the use of this prospectus if:

- the SEC or any state securities authority requests an amendment or supplement to this prospectus or the related registration statement or requests additional information;
- the SEC or any state securities authority issues any stop order suspending the effectiveness of the registration statement or initiates proceedings for that purpose;
- we receive notification of the suspension of the qualification of the exchange notes for sale in any jurisdiction or the initiation or threatening of any proceeding for that purpose;
- the suspension is required by law;
- we determine that the continued effectiveness of the registration statement of which this prospectus forms a part and use of this prospectus would require disclosure of confidential information related to a material acquisition or divestiture of assets or a material corporate transaction, event or development; or
- an event occurs or we discover any fact which makes any statement made in the registration statement of which this prospectus forms a part untrue in any material respect or which requires the making of any changes in such registration statement in order to make the statements therein not misleading.

We will not receive any proceeds from any sale of exchange notes by broker-dealers. Exchange notes received by broker-dealers for their own account under the exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the exchange notes or a combination of those methods, at market prices prevailing at the time of resale, at prices related to prevailing market prices or at negotiated prices. Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from the selling broker-dealer or the purchasers of any such exchange notes. Any broker-dealer that resells exchange notes received by it for its own account under the exchange offer and any broker or dealer that participates in a distribution of the exchange notes may be deemed to be an “underwriter” within the meaning of the Securities Act and any profit on any resale of exchange notes and any commissions or concessions received by these persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that, by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an “underwriter” within the meaning of the Securities Act.

We will not receive any proceeds from the issuance of exchange notes in the exchange offer. We have agreed to pay all expenses incidental to the exchange offer other than underwriting discounts and commissions and concessions and transfer taxes, if any, relating to the sale or disposition of any original notes by a holder of the original notes against certain liabilities, including liabilities under the Securities Act.

LEGAL MATTERS

Certain legal matters with respect to the validity of the issuance of the exchange notes will be passed upon for us by Vanessa Allen Sutherland, Esq., Executive Vice President and Chief Legal Officer of the Company, Norfolk, Virginia (or by such other senior corporate counsel as may be designated by us). Ms. Sutherland, in her capacity as Executive Vice President and Chief Legal Officer of the Company, is a participant in various employee benefit and incentive plans, including stock option plans, offered to employees of the Company. Certain legal matters with respect to the validity of the issuance of the exchange notes will be passed upon for us by Hinckley, Allen & Snyder LLP, Boston, Massachusetts. PART II

INFORMATION NOT REQUIRED IN PROSPECTUS

Item 20. Indemnification of Directors and Officers.

The Virginia Stock Corporation Act (the “Virginia Act”) provides, in general, for the indemnification of the registrant’s directors and officers in a variety of circumstances, which may include indemnification for liabilities under the Securities Act of 1933, as amended (the “Securities Act”). Under Sections 13.1-697 and 13.1-702 of the Virginia Act, a Virginia corporation generally is authorized to indemnify its directors and officers in civil or criminal actions if they acted in good faith and believed their conduct to be in the best interests of the corporation and, in the case of criminal actions, had no reasonable cause to believe that the conduct was unlawful.

Article VI of the registrant’s Restated Articles of Incorporation provides, in general, for mandatory indemnification of directors and officers (including former directors and officers), to the fullest extent permitted by Virginia law, against liability incurred by them in proceedings by third parties, or by or on behalf of the registrant itself, by reason of the fact that such person is, or was, a director or officer of the registrant, or is, or was, serving at the request of the registrant as a director, officer, employee, agent or otherwise of another corporation. However, the Virginia Act does not permit indemnity for willful misconduct or for a knowing violation of the criminal law.

Article VI of the registrant’s Restated Articles of Incorporation also provides that in every instance, and to the fullest extent, permitted by Virginia corporate law in effect from time to time, the registrant’s directors and officers (including former directors and officers) shall not be liable to the registrant or its shareholders. Under current Virginia law, this provision cannot limit liability for willful misconduct or for a knowing violation of the criminal law.

The individual registrant’s directors and officers are covered by certain policies providing Side A-only directors’ and officers’ liability insurance. In general, the insurers are obliged to make payments under these policies, subject to all other terms and conditions of the policy, only when the director or officer is not being indemnified. The policies are issued on a “claims made and reported” basis.

Item 21. Exhibits and Financial Statement Schedules.

See the “Exhibit Index” immediately preceding the signature pages to this registration statement.

Item 22. Undertakings.

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission (the “Commission”) pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the “Calculation of Registration Fee” table in the effective registration statement; and

[Table of Contents](#)

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934, as amended (the "Exchange Act") (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

(d) The undersigned registrant hereby undertakes to respond to requests for information that is incorporated by reference into the prospectus pursuant to Items 4, 10(b), 11, or 13 of this Form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

(e) The undersigned registrant hereby undertakes to supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.

Re: Norfolk Southern Corporation – Registration Statement on Form S-4

Ladies and Gentlemen:

I am the Executive Vice President and Chief Legal Officer of Norfolk Southern Corporation, a Virginia corporation (the “Company”), and, as such, I have acted as counsel to the Company in connection with the public offering of up to \$799,997,000 aggregate principal amount of the Company’s 3.155% Notes due 2055 (the “Exchange Notes”), which have been registered under the Securities Act of 1933, as amended (the “Securities Act”), to be issued and authenticated pursuant to the Indenture (as defined below).

The Exchange Notes are to be issued pursuant to an exchange offer (the “Exchange Offer”) in exchange for a like principal amount of the issued and outstanding 3.155% Notes due 2055 of the Company (the “Original Notes”) under an indenture, dated as of May 15, 2020, by and between the Company and U.S. Bank National Association, as Trustee (the “Indenture”), as contemplated by the Registration Rights Agreement, dated as of May 15, 2020, by and among the Company and the Dealer Managers named therein (the “Registration Rights Agreement”). This opinion is being furnished in accordance with the requirements of Item 601(b)(5) of Regulation S-K under the Securities Act.

In rendering the opinions stated below, I have, or an attorney working for me has, examined and relied upon the following:

- (i) the Registration Statement on Form S-4 of the Company relating to the Exchange Notes to be filed on the date hereof with the Securities and Exchange Commission (the “Commission”) under the Securities Act (the “Registration Statement”);
- (ii) an executed copy of the Indenture;

- (iii) an executed copy of the Registration Rights Agreement;
- (iv) the Restated Articles of Incorporation of the Company, as currently in effect;
- (v) the Bylaws of the Company, as currently in effect;
- (vi) the Statement of Eligibility of the Trustee on Form T-1 under the Trust Indenture Act of 1939, as amended, filed as Exhibit 25.1 to the Registration Statement; and
- (vii) the form of the Exchange Notes.

I have, or an attorney working for me has, also examined originals or copies, certified or otherwise identified to my satisfaction, of such other documents, certificates and records as I have deemed necessary or appropriate as a basis for the opinions stated below.

In my examination, I have assumed the genuineness of all signatures, including endorsements, the legal capacity and competency of all natural persons, the authenticity of all documents submitted to me as originals, the conformity to original documents of all documents submitted to me as facsimile, electronic, certified or photostatic copies and the authenticity of the originals of such copies. In making my examination of executed documents or documents to be executed, I have assumed that the parties thereto, other than the Company, had or will have the power, corporate or other, to enter into and perform all obligations thereunder and have also assumed the due authorization by all requisite action, corporate or other, the execution and delivery by such parties of such documents and the validity and binding effect thereof on such parties. As to any facts material to the opinions stated below which I did not independently establish or verify, I have relied upon statements and representations of officers and other representatives of the Company and others and of public officials.

I am a member of the Bar of the Commonwealth of Virginia, and I do not express any opinion with respect to the laws of any jurisdiction other than the laws of the Commonwealth of Virginia and, to the extent that judicial or regulatory orders or decrees or consents, approvals, licenses, authorizations, validations, filings, recordings or registrations with governmental authorities are relevant, to those required under such laws (all of the foregoing being referred to as “Opined on Law”). I do not express any opinion with respect to the law of any jurisdiction other than Opined on Law or as to the effect of any such non-Opined on Law on the opinions stated below. The opinions stated below are based on laws in effect on the date hereof, which laws are subject to change with possible retroactive effect, and I disclaim any undertaking to advise you of any subsequent changes in the facts stated or assumed herein or of any subsequent changes in applicable laws.

Based upon the foregoing and subject to the limitations, qualifications, exceptions and assumptions stated herein, I am of the opinion that:

1. The Indenture has been duly executed and delivered by the Company, and it is a valid and binding agreement of the Company, enforceable against the Company

in accordance with its terms, except as enforcement thereof may be limited by bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance or similar laws relating to or affecting creditors' rights generally and by general principles of equity, including, without limitation, concepts of materiality, reasonableness, good faith and fair dealing and the possible unavailability of specific performance or injunctive relief, regardless of whether considered in a proceeding in equity or at law.

2. The Exchange Notes have been duly authorized, and when executed and authenticated in accordance with the terms of the Indenture and delivered upon consummation of the Exchange Offer against receipt of the Original Notes surrendered in exchange therefor in accordance with the terms of the Exchange Offer, the Exchange Notes will constitute valid and binding obligations of the Company entitled to the benefits of the Indenture and enforceable against the Company in accordance with their terms, except as enforcement thereof may be limited by bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance or similar laws relating to or affecting creditors' rights generally and by general principles of equity, including, without limitation, concepts of materiality, reasonableness, good faith and fair dealing and the possible unavailability of specific performance or injunctive relief, regardless of whether considered in a proceeding in equity or at law.

I hereby consent to the filing of this opinion with the Commission as Exhibit 5.1 to the Registration Statement. I also hereby consent to the reference to me under the caption "Legal Matters" in the prospectus which forms a part of the Registration Statement. In giving this consent, I do not thereby admit that I am included in the category of persons whose consent is required under Section 7 of the Securities Act or the rules and regulations of the Commission. This opinion is expressed as of the date hereof unless otherwise expressly stated, and I disclaim any undertaking to advise you of any subsequent changes in the facts stated or assumed herein or of any subsequent changes in applicable laws.

Very truly yours,

/s/ Vanessa Allen Sutherland

DELIVERY OF THIS INSTRUMENT TO AN ADDRESS OTHER THAN AS SET FORTH ABOVE, OR TRANSMISSION OF INSTRUCTIONS VIA FACSIMILE OTHER THAN AS SET FORTH ABOVE, WILL NOT CONSTITUTE A VALID DELIVERY.

The undersigned acknowledges that he or she has received the prospectus, dated , 2020 (the “Prospectus”), of Norfolk Southern Corporation, a Virginia corporation (the “Company”), and this Letter of Transmittal (the “Letter”), which together constitute the Company’s offer to exchange (the “Exchange Offer”) an aggregate principal amount of up to \$799,997,000 of the Company’s 3.155% Notes due 2055 (the “Exchange Notes”) that have been registered under the Securities Act of 1933, as amended (the “Securities Act”), for a like principal amount of the Company’s issued and outstanding 3.155% Notes due 2055 (the “Original Notes”) from the holders thereof.

For each Original Note accepted for exchange, the holder of such Original Note will receive an Exchange Note having a principal amount equal to that of the surrendered Original Note. The Exchange Notes will bear interest from the most recent date to which interest has been paid on the Original Notes or, if no interest has been paid on the Original Notes, from the issue date of the Original Notes. Accordingly, holders of Exchange Notes on the relevant record date for the first interest payment date following the consummation of the Exchange Offer will receive interest accruing from the most recent date to which interest has been paid on the Original Notes or, if no interest has been paid on the Original Notes, from May 15, 2020. Original Notes accepted for exchange will

cease to accrue interest from and after the date of consummation of the Exchange Offer. Holders of Original Notes whose Original Notes are accepted for exchange will not receive any payment in respect of accrued interest on such Original Notes otherwise payable on any interest payment date the record date for which occurs on or after consummation of the Exchange Offer.

This Letter is to be completed by a holder of Original Notes either if certificates are to be forwarded herewith or if a tender of certificates for Original Notes, if available, is to be made by book-entry transfer to the account maintained by the Exchange Agent at The Depository Trust Company (the “Book-Entry Transfer Facility”) pursuant to the procedures set forth in “The Exchange Offer—Book-Entry Transfer” section of the Prospectus and an Agent’s Message is not delivered. Tenders by book-entry transfer may also be made by delivering an Agent’s Message in lieu of this Letter. The term “Agent’s Message” means a message, transmitted by the Book-Entry Transfer Facility to, and received by, the Exchange Agent and forming a part of the confirmation of the book-entry tender of Original Notes into the Exchange Agent’s account at the Book-Entry Transfer Facility (a “Book-Entry Confirmation”), which states that the Book-Entry Transfer Facility has received an express acknowledgment from the tendering participant, which acknowledgment states that such participant has received and agrees to be bound by this Letter and that the Company may enforce this Letter against such participant.

Delivery of documents to the Book-Entry Transfer Facility does not constitute delivery to the Exchange Agent.

The undersigned has completed the appropriate boxes below and signed this Letter to indicate the action the undersigned desires to take with respect to the Exchange Offer.

If the undersigned is not a broker-dealer, the undersigned represents that it is not engaged in, and does not intend to engage in, a distribution of the Exchange Notes. If the undersigned is a broker-dealer that will receive Exchange Notes for its own account in exchange for Original Notes, it represents that the Original Notes to be exchanged for the Exchange Notes were acquired by it as a result of market-making activities or other trading activities and acknowledges that it will comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction, including the delivery of a prospectus that contains information with respect to any selling holder required by the Securities Act in connection with any resale of the Exchange Notes; however, by so acknowledging and by delivering such a prospectus, the undersigned will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act. If the undersigned is a broker-dealer that will receive Exchange Notes, it represents that the Original Notes to be exchanged for the Exchange Notes were acquired as a result of market-making activities or other trading activities. In addition, such broker-dealer represents that it is not acting on behalf of any person who could not truthfully make the foregoing representations.

Ladies and Gentlemen:

Upon the terms and subject to the conditions of the Exchange Offer, the undersigned hereby tenders to the Company the aggregate principal amount of Original Notes indicated above. Subject to, and effective upon, the acceptance for exchange of the Original Notes tendered hereby, the undersigned hereby sells, assigns and transfers to, or upon the order of, the Company all right, title and interest in and to such Original Notes as are being tendered hereby.

The undersigned hereby irrevocably constitutes and appoints the Exchange Agent as the undersigned's true and lawful agent and attorney-in-fact with respect to such tendered Original Notes, with full power of substitution, among other things, to cause the Original Notes to be assigned, transferred and exchanged. The undersigned hereby represents and warrants that the undersigned has full power and authority to tender, sell, assign and transfer the Original Notes, and to acquire Exchange Notes issuable upon the exchange of such tendered Original Notes, and that, when the same are accepted for exchange, the Company will acquire good and unencumbered title thereto, free and clear of all liens, restrictions, charges and encumbrances and not subject to any adverse claim when the same are accepted by the Company. The undersigned hereby further represents that any Exchange Notes acquired in exchange for Original Notes tendered hereby will have been acquired in the ordinary course of business of the person receiving such Exchange Notes, whether or not such person is the undersigned, that neither the holder of such Original Notes nor any such other person is participating in, intends to participate in or has an arrangement or understanding with any person to participate in the distribution of such Exchange Notes and that neither the holder of such Original Notes nor any such other person is an "affiliate," as defined in Rule 405 under the Securities Act, of the Company and that neither the holder of such Original Notes nor such other person is acting on behalf of any person who could not truthfully make the foregoing representations and warranties.

The Securities and Exchange Commission (the "SEC") has taken the position that such broker-dealers may fulfill their prospectus delivery requirements with respect to the Exchange Notes (other than a resale of Exchange Notes received in exchange for an unsold allotment from the original sale of the Original Notes) with the Prospectus. The Prospectus, as it may be amended or supplemented from time to time, may be used by certain broker-dealers (as specified in the Registration Rights Agreement referenced in the Prospectus) ("Participating Broker-Dealers") for a period of time (so long as Participating Broker-Dealers are required to deliver a prospectus meeting the requirements of the Securities Act but in no event more than 270 days after the closing of the Exchange Offer) in connection with the sale or transfer of such Exchange Notes. The Company has agreed that, for such period of time, it will make the Prospectus (as it may be amended or supplemented) available to such a broker-dealer which elects to exchange Original Notes, acquired for its own account as a result of market-making or other trading activities, for Exchange Notes pursuant to the Exchange Offer for use in connection with any resale of such Exchange Notes. By accepting the Exchange Offer, each broker-dealer that receives Exchange Notes pursuant to the Exchange Offer acknowledges and agrees to notify the Company prior to using the Prospectus in connection with the sale or transfer of Exchange Notes and that, upon receipt of notice from the Company of the happening of any event which makes any statement in the Prospectus untrue in any material respect or which requires the making of any changes in the Prospectus in order to make the statements therein (in light of the circumstances under which they were made) not misleading, such broker-dealer will suspend use of the Prospectus until (i) the Company has amended or supplemented the Prospectus to correct such misstatement or omission and (ii) either the Company has furnished copies of the amended or supplemented Prospectus to such broker-dealer or, if the Company has not otherwise agreed to furnish such copies and declines to do so after such broker-dealer so requests, such broker-dealer has obtained a copy of such amended or supplemented Prospectus as filed with the SEC. Except as described above, the Prospectus may not be used for or in connection with an offer to resell, a resale or any other retransfer of Exchange Notes. A broker-dealer that acquired Original Notes in a transaction other than as part of its market-making activities or other trading activities will not be able to participate in the Exchange Offer.

The undersigned acknowledges that this Exchange Offer is being made upon the belief that, based on interpretations by the staff of the SEC as set forth in a series of no-action letters issued to third parties, the Exchange Notes issued pursuant to the Exchange Offer in exchange for the Original Notes may be offered for resale, resold and otherwise transferred by holders thereof without compliance with the registration and prospectus delivery provisions of the Securities Act, provided that such Exchange Notes are acquired in the ordinary course of such holders' business and such holders have no arrangement with any person to participate in the distribution of such Exchange Notes. However, the SEC has not considered the Exchange Offer in the context of a no-action letter, and there can be no assurance that the staff of the SEC would make a similar determination with respect to the Exchange Offer as in other circumstances. If the undersigned is not a broker-dealer, the undersigned represents that it is not engaged in, and does not intend to engage in, a distribution of Exchange Notes and has no arrangement or understanding to participate in a distribution of Exchange Notes. If any holder is engaged in or intends to engage in or has any arrangement or understanding with respect to the distribution of the Exchange Notes to be acquired pursuant to the Exchange Offer, such holder (i) could not rely on the applicable interpretations of the staff of the SEC and (ii) must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction. If the undersigned is a broker-dealer that will receive Exchange Notes for its own account in exchange for Original Notes, it represents that the Original Notes to be exchanged for the Exchange Notes were acquired by it as a result of market-making activities or other trading activities and acknowledges that it will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of such Exchange Notes; however, by so acknowledging and by delivering a prospectus, the undersigned will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act.

The undersigned will, upon request, execute and deliver any additional documents deemed by the Company to be necessary or desirable to complete the sale, assignment and transfer of the Original Notes tendered hereby. All authority conferred or agreed to be conferred in this Letter and every obligation of the undersigned hereunder shall be binding upon the successors, assigns, heirs, executors, administrators, trustees in bankruptcy and legal representatives of the undersigned and shall not be affected by, and shall survive, the death or incapacity of the undersigned. This tender may be withdrawn only in accordance with the procedures set forth in "The Exchange Offer—Withdrawal Rights" section of the Prospectus.

Unless otherwise indicated herein in the box entitled "Special Issuance Instructions" below, please deliver the Exchange Notes (and, if applicable, substitute certificates representing Original Notes for any Original Notes not exchanged) in the name of the undersigned or, in the case of a book-entry delivery of Original Notes, please credit the account indicated above maintained at the Book-Entry Transfer Facility. Similarly, unless otherwise indicated under the box entitled "Special Delivery Instructions" below, please send the Exchange Notes (and, if applicable, substitute certificates representing Original Notes for any Original Notes not exchanged) to the undersigned at the address shown above in the box entitled "Description of Original Notes."

THE UNDERSIGNED, BY COMPLETING THE BOX ENTITLED "DESCRIPTION OF ORIGINAL NOTES" ABOVE AND SIGNING THIS LETTER, WILL BE DEEMED TO HAVE TENDERED THE ORIGINAL NOTES AS SET FORTH IN SUCH BOX ABOVE.

1. Delivery of this Letter and Notes.

This Letter is to be completed by holders of Original Notes either if certificates are to be forwarded herewith or if tenders are to be made pursuant to the procedures for delivery by book-entry transfer set forth in “The Exchange Offer—Book-Entry Transfer” section of the Prospectus and an Agent’s Message is not delivered. Tenders by book-entry transfer may also be made by delivering an Agent’s Message in lieu of this Letter. The term “Agent’s Message” means a message, transmitted by the Book-Entry Transfer Facility to and received by the Exchange Agent and forming a part of a Book-Entry Confirmation, which states that the Book-Entry Transfer Facility has received an express acknowledgment from the tendering participant, which acknowledgment states that such participant has received and agrees to be bound by the Letter of Transmittal and that the Company may enforce the Letter of Transmittal against such participant. Certificates for all physically tendered Original Notes, or Book-Entry Confirmation, as the case may be, as well as a properly completed and duly executed Letter (or manually signed facsimile hereof or Agent’s Message in lieu thereof) and any other documents required by this Letter, must be received by the Exchange Agent at the address set forth herein on or prior to the Expiration Date. Original Notes tendered hereby must be in denominations of principal amount of \$2,000 and integral multiples of \$1,000 in excess thereof.

The method of delivery of this Letter, the Original Notes and all other required documents is at the election and risk of the tendering holders, but the delivery will be deemed made only when actually received or confirmed by the Exchange Agent. If Original Notes are sent by mail, it is suggested that the mailing be registered mail, properly insured, with return receipt requested, made sufficiently in advance of the Expiration Date to permit delivery to the Exchange Agent at or prior to 5:00 p.m., New York City time, on the Expiration Date. The Company reserves the right to reject any particular Original Note not properly tendered, or any acceptance that might, in the Company’s judgment or its counsel’s judgment, be unlawful. The Company also reserves the right to waive any defects or irregularities with respect to the form or procedures applicable to the tender of any particular Original Note prior to the Expiration Date. Unless waived, any defects or irregularities in connection with tenders of Original Notes must be cured within a reasonable period of time.

See “The Exchange Offer” section of the Prospectus.

2. Partial Tenders (not applicable to holders who tender by book-entry transfer).

If less than all of the Original Notes evidenced by a submitted certificate are to be tendered, the tendering holder(s) should fill in the aggregate principal amount of Original Notes to be tendered in the box above entitled “Description of Original Notes—Principal Amount Tendered.” A reissued certificate representing the balance of nontendered Original Notes will be sent to such tendering holder, unless otherwise provided in the appropriate box on this Letter, promptly after the Expiration Date. **All of the Original Notes delivered to the Exchange Agent will be deemed to have been tendered unless otherwise indicated.**

3. Signatures on this Letter; Bond Powers and Endorsements; Guarantee of Signatures.

If this Letter is signed by the registered holder of the Original Notes tendered hereby, the signature must correspond exactly with the name as written on the face of the certificates without any change whatsoever.

If any tendered Original Notes are owned of record by two or more joint owners, all of such owners must sign this Letter.

If any tendered Original Notes are registered in different names on several certificates, it will be necessary to complete, sign and submit as many separate copies of this Letter as there are different registrations of certificates.

When this Letter is signed by the registered holder or holders of the Original Notes specified herein and tendered hereby, no endorsements of certificates or separate bond powers are required. If, however, the Exchange Notes are to be issued, or any untendered Original Notes are to be reissued, to a person other than the registered holder, then endorsements of any certificates transmitted hereby or separate bond powers are required. Signatures on such certificate(s) must be guaranteed by an Eligible Institution.

If this Letter is signed by a person other than the registered holder or holders of any certificate(s) specified herein, such certificate(s) must be endorsed or accompanied by appropriate bond powers, in either case signed exactly as the name or names of the registered holder or holders appear(s) on the certificate(s) and signatures on such certificate(s) must be guaranteed by an Eligible Institution.

If this Letter or any certificates or bond powers are signed by a person acting in a fiduciary or representative capacity, such persons should so indicate when signing, and, unless waived by the Company, proper evidence satisfactory to the Company of their authority to so act must be submitted.

Endorsements on certificates for Original Notes or signatures on bond powers required by this Instruction 3 must be guaranteed by a firm that is a financial institution (including most banks, savings and loan associations and brokerage houses) that is a participant in the Securities Transfer Agents Medallion Program, the New York Stock Exchange Medallion Signature Program or the Stock Exchanges Medallion Program (each an “Eligible Institution”).

Signatures on this Letter need not be guaranteed by an Eligible Institution, provided the Original Notes are tendered: (i) by a registered holder of Original Notes (which term, for purposes of the Exchange Offer, includes any participant in the Book-Entry Transfer Facility system whose name appears on a security position listing as the holder of such Original Notes) who has not completed the box entitled “Special Issuance Instructions” or “Special Delivery Instructions” on this Letter, or (ii) for the account of an Eligible Institution.

4. Special Issuance and Delivery Instructions.

Tendering holders of Original Notes should indicate in the applicable box the name and address to which Exchange Notes issued pursuant to the Exchange Offer and/or substitute certificates evidencing Original Notes not exchanged are to be issued or sent, if different from the name or address of the person signing this Letter. In the case of issuance in a different name, the employer identification or social security number of the person named must also be indicated. Holders tendering Original Notes by book-entry transfer may request that Original Notes not exchanged be credited to such account maintained at the Book-Entry Transfer Facility as such holder may designate hereon. If no such instructions are given, such Original Notes not exchanged will be returned to the name and address of the person signing this Letter.

5. Transfer Taxes.

The Company will pay all transfer taxes, if any, applicable to the transfer of Original Notes to it or its order pursuant to the Exchange Offer. If, however, Exchange Notes and/or substitute Original Notes not exchanged are

to be delivered to, or are to be registered or issued in the name of, any person other than the registered holder of the Original Notes tendered hereby, or if tendered Original Notes are registered in the name of any person other than the person signing this Letter, or if a transfer tax is imposed for any reason other than the transfer of Original Notes to the Company or its order pursuant to the Exchange Offer, the amount of any such transfer taxes (whether imposed on the registered holder or any other persons) will be payable by the tendering holder. If satisfactory evidence of payment of such taxes or exemption therefrom is not submitted herewith, the amount of such transfer taxes will be billed directly to such tendering holder.

Except as provided in this Instruction 5, it will not be necessary for transfer tax stamps to be affixed to the Original Notes specified in this letter.

6. Waiver of Conditions.

Because the Company may amend or modify the Exchange Offer, and such amendment or modification may be deemed to be a waiver of a condition, it has the right to waive satisfaction of conditions enumerated in the Prospectus. Accordingly, the Company has effectively retained the ability to waive the conditions to consummation of the Exchange Offer.

7. No Conditional Tenders.

No alternative, conditional, irregular or contingent tenders will be accepted. All tendering holders of Original Notes, by execution of this Letter, shall waive any right to receive notice of the acceptance of their Original Notes for exchange.

Neither the Company, the Exchange Agent nor any other person is obligated to give notice of any defect or irregularity with respect to any tender of Original Notes nor shall any of them incur any liability for failure to give any such notice.

8. Mutilated, Lost, Stolen or Destroyed Original Notes.

Any holder whose Original Notes have been mutilated, lost, stolen or destroyed should contact the Exchange Agent at the address indicated above for further instructions.

9. Withdrawal Rights.

Tenders of Original Notes may be withdrawn at any time at or prior to 5:00 p.m., New York City time, on the Expiration Date.

For a withdrawal of a tender of Original Notes to be effective, a written notice of withdrawal must be received by the Exchange Agent at the address set forth above at or prior to 5:00 p.m., New York City time, on the Expiration Date. Any such notice of withdrawal must (i) specify the name of the person having tendered the Original Notes to be withdrawn (the "Depositor"), (ii) identify the Original Notes to be withdrawn (including certificate number or numbers and the principal amount of such Original Notes), (iii) contain a statement that such holder is withdrawing his election to have such Original Notes exchanged, (iv) be signed by the holder in the same manner as the original signature on the Letter by which such Original Notes were tendered (including any required signature guarantees) or be accompanied by documents of transfer to have the Trustee with respect to the Original Notes register the transfer of such Original Notes in the name of the person withdrawing the tender and (v) specify the name in which such Original Notes are registered, if different from that of the Depositor. If Original Notes have been tendered pursuant to the procedure for book-entry transfer set forth in "The Exchange Offer—Book-Entry Transfer" section of the Prospectus, any notice of withdrawal must specify the name and number of the account at the Book-Entry Transfer Facility to be credited with the withdrawn Original Notes and otherwise comply with the procedures of such Book-Entry Transfer Facility. All questions as

to the validity, form and eligibility (including time of receipt) of such notices will be determined by the Company, whose determination shall be final and binding on all parties. Any Original Notes so withdrawn will be deemed not to have been validly tendered for exchange for purposes of the Exchange Offer, and no Exchange Notes will be issued with respect thereto unless the Original Notes so withdrawn are validly re-tendered. Any Original Notes that have been tendered for exchange but which are not exchanged for any reason will be returned to the holder thereof without cost to such holder (or, in the case of Original Notes tendered by book-entry transfer into the Exchange Agent's account at the Book-Entry Transfer Facility pursuant to the book-entry transfer procedures set forth in "The Exchange Offer—Book-Entry Transfer" section of the Prospectus, such Original Notes will be credited to an account maintained with the Book-Entry Transfer Facility for the Original Notes) promptly after withdrawal, rejection of tender or termination of the Exchange Offer. Properly withdrawn Original Notes may be re-tendered by following the procedures described above at any time at or prior to 5:00 p.m., New York City time, on the Expiration Date.

10. Requests for Assistance or Additional Copies.

Questions relating to the procedure for tendering Original Notes, as well as requests for additional copies of the Prospectus and this Letter, and requests for other related documents may be directed to the Exchange Agent, at the address and telephone number set forth herein.
