PROSPECTUS SUMMARY

The following summary highlights selected information from this prospectus and may not contain all of the information that is important to you. This prospectus includes the basic terms of the notes we are offering, as well as information regarding our business and detailed financial data. We encourage you to read this prospectus in its entirety. Unless the context otherwise requires, references in this prospectus to "Norfolk Southern," "the Corporation," "we," "our," "ours" and "us" refer to Norfolk Southern Corporation and its consolidated subsidiaries.

Norfolk Southern Corporation

Norfolk Southem Corporation ("Norfolk Southem" or the "Corporation") is a Virginia-based holding company that in 1982 acquired control of Southem Railway Company ("Southern") and Norfolk and Western Railway Company ("N&W"). Effective December 31, 1990, Southern changed its name to Norfolk Southern Railway Company ("NSR"), and Norfolk Southern transferred all of the common stock of N&W to NSR (making N&W a wholly-owned subsidiary of NSR). Effective September 1, 1998, N&W was merged with and into NSR. NSR, with its consolidated subsidiaries, operates 21,500 route miles in 22 states, the District of Columbia and Ontario.

As more particularly detailed in the various filings we have incorporated by reference herein, Norfolk Southern and CSX Corporation ("CSX") secured the approval of the Surface Transportation Board ("STB"), successor to the Interstate Commerce Commission, to own and control Conrail Inc. ("Conrail"), the principal subsidiary of which is Consolidated Rail Corporation ("CRC"), a common carrier that offers rail transportation services in the Northeast. Through a jointly-owned entity, Norfolk Southern and CSX own the stock of Conrail. On June 1, 1999, Norfolk Southern and CSX, through their respective railroad subsidiaries, began operating separate portions of Conrail's rail routes and assets. Substantially all such assets are owned by two wholly-owned subsidiaries of CRC: Pennsylvania Lines LLC ("PRR") and New York Central LLC ("NYC"). PRR has entered into various operating and leasing arrangements with NSR and NYC has entered rino various operating and leasing arrangements with OSX transportation, Inc. ("CSXT"). Certain rail assets ("Shared Assets Areas") are still owned by CRC, which operates them for the joint and exclusive use of NSR and the rail subsidiary of CSX.

Norfolk Southem, CSX and Conrail are jointly seeking to reorganize Conrail ("Conrail Reorganization"). The transactions contemplated by the Conrail Reorganization have been more particularly described in various filings incorporated by reference herein and in the NSR registration statement on Form S-4 filed with the SEC on April 23, 2004, as amended. As a part of the proposed Conrail Reorganization, Conrail would undertake a restructuring of its existing unsecured and secured public indebtedness and would replace the operating agreements described above and allow NSR and CSXT to directly own and operate PRR and NYC, respectively. The Conrail Reorganization would not involve the Shared Assets Areas, which Conrail would continue to own, manage and operate as previously approved by the STB, and would have no effect on the competitive rail service provided in the Shared Assets Areas.

Risk Factors

See "Risk Factors" beginning on page 10 for a discussion of factors that should be considered by holders of outstanding notes before tendering their outstanding notes in the exchange offer.

0

RISK FACTORS

You should consider carefully the following risks and all of the information set forth in this prospectus or incorporated by reference herein before tendering your notes for exchange in the exchange offer.

Consequences of Failure to Exchange

After the consummation of the exchange offer there will likely be a more limited trading market for the old notes.

To the extent that old notes are tendered and accepted for exchange pursuant to the exchange offer, the trading market for old notes that remain outstanding is likely to be more limited than it is at present. A debt security with a smaller outstanding principal amount available for trading (a smaller "float") may command a lower price than would a comparable debt security with a larger float. Therefore, the market price for old notes that are not tendered and accepted for exchange pursuant to the exchange offer may be affected adversely to the extent that the principal amount of the old notes exchanged pursuant to the exchange offer reduces the float. A reduced float may also make the trading price of old notes that are not exchanged in the exchange offer more volatile.

Risks Relating to the New Notes

As with the old notes, claims of new note holders will be structurally subordinated to those of creditors of our subsidiaries.

We are a holding company and we conduct substantially all of our operations through our subsidiaries. We perform management, legal, financial, tax, consulting, administrative and other services for our subsidiaries. Our principal sources of cash are from external financings, dividends and advances from our subsidiaries, investments, payments by our subsidiaries for services rendered, and interest payments from our subsidiaries on cash advances. The amount of dividends available to us from our subsidiaries largely depends upon each subsidiary's earnings and operating capital requirements. The ability of our subsidiaries to make any payments to us will depend on our subsidiaries' earnings, business and tax considerations and legal restrictions.

As a result of our holding company structure, the new notes and the old notes effectively rank junior to all existing and future debt, trade payables and other liabilities of our subsidiaries. Any right of Norfolk Southern and our creditors to participate in the assets of any of our subsidiaries upon any liquidation or reorganization of any such subsidiary will be subject to the prior claims of that subsidiary's creditors, including trade creditors, except to the extent that we may ourselves be a creditor of such a subsidiary.

You cannot be sure that an active trading market will develop for the new notes.

There is no existing trading market for the new notes. We do not intend to apply for listing or quotation of the new notes on any exchange. Therefore, we do not know the extent to which investor interest will lead to the development of a trading market or how liquid that market might be, nor can we make any assurances regarding the ability of new note holders to sell their new notes, the amount of new notes to be outstanding following the exchange offer or the price at which the new notes might be sold. As a result, the market price of the new notes

FORWARD-LOOKING STATEMENTS

This prospectus and the documents incorporated herein by reference contain certain forward-looking statements. Statements that are not historical facts, including statements about our beliefs and expectations, are forward-looking statements. Forward-looking statements may be identified by the use of words like "believe," "expect," "anticipate" and "project." Forward-looking statements reflect management's good-faith evaluation of information currently available. However, such statements are dependent on and, therefore, can be influenced by, a number of external variables over which

10

management has little or no control, including: domestic and international economic conditions; the business environment in industries that produce and consume rail freight; competition and consolidation within the transportation industry; fluctuation in prices of key materials, in particular diesel fuel; labor difficulties, including strikes and work stoppages; legislative and regulatory developments; changes in securities and capital markets; and natural events such as severe weather, floods and earthquakes. Forward-looking statements are not, and should not be relied upon as, a guaranty of future performance or results. Nor will they necessarily prove to be accurate indications of the times at or by which any such performance or results will be achieved. As a result, actual outcomes and results may differ materially from those expressed in forward-looking statements. Forwardlooking statements speak only as of the date they are made, and Norfolk Southern undertakes no obligation to update or revise them.

USE OF PROCEEDS

We will not receive any cash proceeds from the issuance of the new notes in exchange for the outstanding notes. Any old notes that are properly tendered and exchanged pursuant to this exchange offer will be retired and cancelled.

RATIO OF EARNINGS TO FIXED CHARGES

For purposes of computing each ratio of earnings to fixed charges, "earnings" represents income before income taxes, plus interest expenses (including a portion of rental expenses representing an interest factor) and subsidiaries' preferred dividends. "Fixed charges" represents interest expenses (including a portion of rental expense representing an interest factor) plus capitalized interest and subsidiaries' preferred dividend requirements on a pretax basis.

The following table sets forth the ratio of earnings to fixed charges for the periods indicated:

	Six Months Ended					
	June 30,	Years Ended December 31,				
	2004	2003	2002	2001	2000	1999
Ratio of earnings to fixed charges	2.85	2.01	2.08	1.83	1.40	1.53

CAPITALIZATION

The following information sets forth our consolidated capitalization as of June 30, 2004. You should read this along with the historical financial statements and accompanying notes that we included in our 2003 Annual Report on Form 10-K for the year ended December 31, 2003 and in our quarterly report on Form 10-Q for the period ended June 30, 2004, which are incorporated by reference into this prospectus. THE EXCHANGE OFFER

Terms of the Exchange Offer; Period for Tendering Old Notes

We will exchange up to \$400,000,000 aggregate principal amount of the old notes for new notes. The exchange offer is subject to the condition that at least \$150,000,000 aggregate principal amount of old notes be validly tendered and not withdrawn by the expiration of the exchange offer as well as certain other conditions. We may waive these conditions at our sole discretion. Subject to these and the other terms and conditions set forth herein:

If you validly tender old notes on or prior to the early participation date, and do not withdraw prior to the early participation date, you will receive for each \$1,000 principal amount of old notes tendered and accepted:

- A principal amount of our new notes equal to the total exchange price for the old notes tendered
 minus the early participation payment; *plus*
- · A cash amount equal to the early participation payment.

If you validly tender old notes after the early participation date but on or prior to the expiration date, and do not withdraw, you will receive for each \$1,000 principal amount of old notes tendered and accepted:

 A principal amount of our new notes equal to the total exchange price for the old notes tendered minus the early participation payment.

We want to encourage holders to tender early. Accordingly, the total exchange price, for each \$1,000 principal amount of old notes tendered, includes an early participation payment of \$, which payment shall be in cash. Holders who validly tender their old notes on or prior to the early participation date and do not validly withdraw their tenders will receive the early participation payment. Holders who validly tender their old notes after the early participation date and do not validly withdraw their tenders will not receive the portion of the total exchange price attributable to the early participation payment.

New notes will be issued in minimum denominations of 1,000 and integral multiples of 1,000. If, under the terms of the exchange offer, any tendering holder is entitled to receive new notes in a principal amount that is not an integral multiple of 1,000, we will round downward the amount of new notes to the nearest integral multiple of 1,000 and pay the difference in cash.

As of June 30, 2004, \$740,325,000 principal amount of old notes were outstanding. This prospectus, together with the letter of transmittal, is first being sent on or about the date hereof, to all holders of old notes known to us. Our obligation to accept old notes for exchange pursuant to the exchange offer is subject to certain obligations as set forth under "—Conditions to the Exchange Offer."

Assuming we have not previously elected to terminate this exchange offer, for any or no reason, in our sole and absolute discretion and subject to the conditions listed below, we will exchange up to \$400,000,000 aggregate principal amount of the old notes for new notes, subject to the requirement that we receive valid tenders, not validly withdrawn prior to the expiration date, of at least \$150,000,000 aggregate principal amount of old notes. If old notes having an aggregate principal amount of more than \$400,000,000 are validly tendered and not withdrawn, we will accept for exchange only old notes in an aggregate principal amount up to \$400,000,000 aggregate principal amount on *a pro rata* basis among the tendering holders.

We expressly reserve the right, at any time, in our absolute discretion, to extend the period of time during which the exchange offer is open, and delay acceptance for exchange of any old notes, by giving written notice of such extension to the holders thereof as described below. We will extend the duration of the exchange offer as required by applicable law, and may choose to extend it in order to provide additional time for holders of old notes to tender their notes for exchange. During any such extension, all old notes previously tendered and not withdrawn will remain subject to the exchange offer and may be accepted for exchange by us. Any old notes not accepted for exchange for any reason will be returned without expense to the tendering holder promptly after the expiration or termination of the exchange

offer. In accordance with Rule 143-1 under the Exchange Act, if we elect to increase or decrease the amount of old notes sought, the consideration offered, or the dealer manager's soliciting fees, this exchange offer will remain open for at least ten business days from the date that the notice of such change is first published or sent to holders of the old notes.

We expressly reserve the right to amend or terminate the exchange offer, and not to accept for exchange any old notes, upon the occurrence of any of the conditions of the exchange offer specified under "—Conditions to the Exchange Offer." We will give prompt written notice of any extension, amendment, non-acceptance or termination to the holders of the old notes. Such notice, in the case of any extension, will be issued by means of a press release or other public announcement no later than 9:00 a.m., New York City time, on the next business day after the previously scheduled expiration date.

Holders whose old notes are accepted for exchange will receive a cash payment representing accrued and unpaid interest to, but not including, the settlement date.

Determination of the Total Exchange Price

The total exchange price for the old notes (calculated on the second business day prior to the expiration date) will be equal to the price per \$1,000 principal amount of the old notes, (as calculated herein and rounded to the nearest cent) intended to result in a yield to maturity (the "exchange offer yield") on the settlement date equal to the sum of; (i) the yield to maturity on the 3.125% U.S. Treasury Note due May 15, 2007 (the "old bond benchmark treasury yield") and (ii) basis points (in accordance with the formula set forth in <u>Annex A</u> hereto). In addition, holders whose old notes are accepted for exchange will receive a cash payment representing accrued and unpaid interest to, but not including, the settlement date.

The yield to maturity on the 3.125% U.S. Treasury Note due May 15, 2007 (calculated in accordance with standard market practice) will be based on the bid side yield, as indicated on the Bloomberg screen page PX1 (or any recognized quotation source selected by the dealer manager in its sole discretion if the Bloomberg Government Pricing Monitor is not available or is manifestly erroneous) at 2:00 p.m., New York City time, on the second business day prior to the expiration date, which we sometimes refer to as the "price determination date."

The dealer manager will calculate the exchange offer yield, the total exchange price and accrued interest, and its calculations will be final and binding absent manifest error. We will publicly announce the exchange offer yield and total exchange price for the old notes promptly after they are determined by the dealer manager.

You can obtain recently calculated hypothetical quotes of the yield of the reference U.S. Treasury Security, the hypothetical exchange offer yield and the total exchange price for the old notes prior to the pricing time, and can obtain the actual yield on the reference U.S. Treasury Security, exchange offer yield and the total exchange price for the old notes after the pricing time, by contacting the Liability Management Group at the dealer manager at (888) 654-8637 or collect (212) 449-4914. Although the dealer manager will calculate the total exchange price for the old notes based solely on the yield on the corresponding reference U.S. Treasury Security, as described above, you can also find information regarding the closing yield to maturity of the U.S. Treasury Security on any trading day in *The Wall Street Journal and The New York Times*.

Illustrative Example

The information provided in the following table is for illustrative purposes only, and we make no representation with respect to the actual consideration that may be paid pursuant to the exchange offer. The exchange offer yield and total exchange price may be greater or less than that shown in the following table, depending on the yield on the U.S. Treasury Security as of the price determination date.

Procedures for Tendering Old Notes

The tender to us of old notes by you as set forth below and our acceptance of the old notes will constitute a binding agreement between us and you upon the terms and subject to the conditions set forth in this prospectus and in the accompanying letter of transmittal. Except as set forth below, to tender old notes for exchange pursuant to the exchange offer, you must transmit a properly completed and duly executed letter of transmittal, including all other documents required by such letter of transmittal or, in the case of a book-entry transfer, an agent's message in lieu of such letter of transmittal, to Global Bondholder Services Corporation, as exchange either:

- a timely confirmation of a book-entry transfer (a "book-entry confirmation") of such old notes, if such
 procedure is available, into the exchange agent's account at DTC pursuant to the procedure for bookentry transfer, as described below under "—Book Entry Transfers," must be received by the exchange
 agent, on or prior to the expiration date, with the letter of transmittal or an agent's message in lieu of
 such letter of transmittal, or
- certificates for such old notes must be received by the exchange agent along with the letter of transmittal.

The term "agent's message" means a message, transmitted by DTC to and received by the exchange agent and forming a part of a book-entry confirmation, which states that DTC has received an express acknowledgment from the tendering participant stating that such participant has received and agrees to be bound by the letter of transmittal and that we may enforce such letter of transmittal against such participant.

The method of delivery of old notes, letters of transmittal and all other required documents is at your election and risk. If such delivery is by regular U.S. mail, it is recommended that you use registered mail, properly insured, with return receipt requested. In all cases, you should allow sufficient time to assure timely delivery. No letter of transmittal or old notes should be sent to us.

14

Signatures on a letter of transmittal or a notice of withdrawal, as the case may be, must be guaranteed unless the old notes surrendered for exchange are tendered:

- by a holder of the old notes who has not completed the box entitled "Special Issuance Instructions" or "Special Delivery Instructions" on the letter of transmittal, or
- for the account of an Eligible Institution (as defined below).

In the event that signatures on a letter of transmittal or a notice of withdrawal are required to be guaranteed, such guarantees must be by a firm which is a member of the Securities Transfer Agent Medallion Program, the Stock Exchanges Medallion Program or the New York Stock Exchange Medallion Program (each such entity being hereinafter referred to as an "Eligible Institution"). If old notes are registered in the name of a person other than the signer of the letter of transmittal, the old notes surrendered for exchange must be endorsed by, or be accompanied by a written instrument or instruments of transfer or exchange, in satisfactory form as we or the exchange agent determine in our sole discretion, duly executed by the registered holders with the signature thereon guaranteed by an Eligible Institution.

We or the exchange agent in our sole discretion will make a final and binding determination on all questions as to the validity, form, eligibility (including time of receipt) and acceptance of old notes tendered for exchange. We reserve the absolute right to reject any and all tenders of any particular old note not properly tendered or to not accept any particular old note which acceptance might, in our judgment or our counsel's, be unlawful. We also reserve the absolute right to waive any defects or irregularities or conditions of the exchange offer as to any particular old note either before or after the expiration date (including the right to waive the ineligibility of any holder who seeks to tender old notes in the exchange offer). Our or the exchange agent's

interpretation of the terms and conditions of the exchange offer as to any particular old note either before or after the expiration date (including the letter of transmittal and the instructions thereto) will be final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of old notes for exchange must be cured within a reasonable period of time, as we determine. We are not, nor is the exchange agent or any other person, under any duty to notify you of any defect or irregularity with respect to your tender of old notes for exchange, and no one will be liable for failing to provide such notification.

If the letter of transmittal is signed by a person or persons other than the registered holder or holders of old notes, such old notes must be endorsed or accompanied by powers of attorney signed exactly as the name(s) of the registered holder(s) that appear on the old notes.

If the letter of transmittal or any old notes or powers of attorneys are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, such persons should so indicate when signing. Unless waived by us or the exchange agent, proper evidence satisfactory to us of their authority to so act must be submitted with the letter of transmittal.

Absence of Dissenters' Rights

Holders of the old notes do not have any appraisal or dissenters' rights in connection with the exchange offers.

Acceptance of Old Notes for Exchange; Delivery of New Notes

Upon satisfaction or waiver of all of the conditions to the exchange offer, we will accept, promptly after the expiration date, up to \$400,000,000 aggregate principal amount of the old notes validly tendered and not withdrawn and will issue the new notes promptly after acceptance of the old notes. See "— Conditions to the Exchange Offer." For purposes of the exchange offer, we shall be deemed to have accepted properly tendered old notes for exchange if and when we give oral (confirmed in writing) or written notice to the exchange agent.

In all cases, issuance of new notes for old notes that are accepted for exchange will be made only after timely receipt by the exchange agent of:

certificates for such old notes or a timely book-entry confirmation of such old notes into the exchange agent's account at DTC,

15

- · a properly completed and duly executed letter of transmittal or an agent's message in lieu thereof, and
- all other required documents.
- Holders may submit all or part of their old notes currently held.

In the event that holders of old notes tender, in the aggregate, more than the maximum principal amount we are offering to exchange, we will accept for exchange only old notes in an aggregate principal amount up to the maximum principal amount we are offering to exchange on a *pro rata* basis among the tendering holders.

Book-Entry Transfers

For purposes of the exchange offer, the exchange agent will request that an account be established with respect to the old notes at DTC within two business days after the date of this prospectus, unless the exchange agent already has established an account with DTC suitable for the exchange offer. Any financial institution that is a participant in DTC may make book-entry delivery of old notes by causing DTC to transfer such old notes into the exchange agent's account at DTC in accordance with DTC's procedures for transfer. Although delivery of old notes may be effected through book-entry transfer at DTC, the letter of transmittal or facsimile thereof or an agent's message in lieu thereof, with any required signature guarantees and any other required documents, must, in any case, be transmitted to and received by the exchange agent at the address set forth on the back cover of this prospectus on or prior to the expiration date.

Withdrawal Rights

Old notes tendered before the early participation date may be withdrawn at any time prior to the early participation date. Old notes tendered after the early participation date may be withdrawn at any time prior to the expiration date. To be effective, a written notice of withdrawal must be received by the exchange agent at the address set forth on the back cover of this prospectus. This notice must specify:

- the name of the person having tendered the old notes to be withdrawn;
- · the old notes to be withdrawn (including the principal amount of such old notes); and
- where certificates for old notes have been transmitted, the name in which such old notes are registered, if different from that of the withdrawing holder.

If certificates for old notes have been delivered or otherwise identified to the exchange agent, then, prior to the release of such certificates, the withdrawing holder must also submit the serial numbers of the particular certificates to be withdrawn and a signed notice of withdrawal with signatures guaranteed by an Eligible Institution, unless such holder is an Eligible Institution. If old notes have been tendered pursuant to the procedure for book-entry transfer described above, any notice of withdrawal must specify the name and number of the account at DTC to be credited with the withdrawn old notes and otherwise comply with the procedures of DTC.

We or the exchange agent will make a final and binding determination on all questions as to the validity, form and eligibility (including time of receipt) of such notices. Any old notes so withdrawn will be deemed not to have been validly tendered for exchange for purposes of the exchange offer. Any old notes tendered for exchange but not exchanged for any reason will be returned to the holder without cost to such holder (or, in the case of old notes tendered by book-entry transfer into the exchange agent's account at DTC pursuant to the book-entry transfer procedures described above, such old notes will be credited to an account maintained with DTC for the old notes) promptly after withdrawal, rejection of tender or termination of the exchange offer. Properly withdrawn old notes may be retendered by following one of the procedures described under "— Procedures for Tendering Old Notes" above at any time on or prior to the expiration date.

Conditions to the Exchange Offer

Notwithstanding any other provision of the exchange offer, we are not required to accept for exchange, or to issue new notes in exchange for, any old notes and may terminate or amend the exchange offer, if any of the

16

- (a) there shall be threatened, instituted or pending any action or proceeding before, or any injunction, order or decree shall have been issued by, any court or governmental agency or other governmental regulatory or administrative agency or commission,
 - seeking to restrain or prohibit the making or consummation of the exchange offer or any other transaction contemplated by the exchange offer, or assessing or seeking any damages as a result thereof, or
 - (2) resulting in a material delay in our ability to accept for exchange or exchange some or all of the old notes pursuant to the exchange offer;

or any statute, rule, regulation, order or injunction shall be sought, proposed, introduced, enacted, promulgated or deemed applicable to the exchange offer or any of the transactions contemplated by the exchange offer by any government or governmental authority, domestic or foreign, or any action shall have been taken, proposed or threatened, by any government, governmental authority, agency or court, domestic or foreign, that in our sole judgment might, directly or indirectly, result in any of the consequences referred to in clauses (1) or (2) above; or

(b) there shall have occurred:

- any general suspension of or general limitation on prices for, or trading in, securities on any national securities exchange or in the over-the-counter market,
- (2) any limitation by a governmental agency or authority which may adversely affect our ability to complete the transaction contemplated by the exchange offer,
- (3) a declaration of a banking moratorium or any suspension of payments in respect of banks in the United States or any limitation by any governmental agency or authority which adversely affects the extension of credit, or

which in our reasonable judgment in any case, and regardless of the circumstances (including any action by us) giving rise to any such condition, makes it inadvisable to proceed with the exchange offer and/or with such acceptance for exchange or with such exchange.

Additionally, notwithstanding any other provision of the exchange offer, we are not required to accept for exchange, or to issue new notes in exchange for, any old notes and may terminate or amend the exchange offer, if less than \$150,000,000 of the outstanding principal amount of old notes are validly tendered and not withdrawn by expiration of the exchange offer.

The foregoing conditions are for our sole benefit and may be asserted by us regardless of the circumstances giving rise to any condition or may be waived by us in whole or in part at any time in our reasonable discretion. Our failure at any time to exercise any of the foregoing rights shall not be deemed a waiver of any such right and each such right shall be deemed an ongoing right which may be asserted at any time.

In addition, we will not accept for exchange any old notes tendered, and no new notes will be issued in exchange for any such old notes, if at such time any stop order shall be threatened or in effect with respect to the Registration Statement, of which this prospectus constitutes a part, or the qualification of the Indenture under the Trust Indenture Act of 1939, as amended.

Although we have no present plans or arrangements to do so, we reserve the right to amend, at any time, the terms of the exchange offer. We will give holders notice of any amendments if required by applicable law.

Exchange Agent

Global Bondholder Services Corporation has been appointed as the exchange agent for the exchange offer. Letters of transmittal and all correspondence in connection with the exchange offer should be sent or delivered by each holder of old securities, or a beneficial owner's commercial bank, broker, dealer, trust company or other nominee, to the exchange agent at the address and telephone number set forth on the back cover of this prospectus. We will pay the exchange agent reasonable and customary fees for its services and will reimburse it for its reasonable out-of-pocket expenses in connection therewith.

Delivery of the letter of transmittal to an address other than as set forth above or transmission of such letter of transmittal via facsimile other than as set forth above does not constitute a valid delivery of the letter of transmittal.

Information Agent

Global Bondholder Services Corporation has been appointed as the information agent for the exchange offer. Questions concerning tender procedures and requests for additional copies of this prospectus or the letter of transmittal should be directed to the information agent at the address and telephone number set forth on the back cover of this prospectus. Holders of old notes may also contact their commercial bank, broker, dealer, trust company or other nominee for assistance concerning the exchange offer. We will pay the information agent reasonable and customary fees for its services and will reimburse it for its reasonable out-of-pocket expenses in connection therewith.

¹⁷

We have retained Merrill Lynch to act as dealer manager in connection with the exchange offer. We will pay a customary fee to the dealer manager for soliciting the exchange of old notes in the exchange offer. We will also reimburse the dealer manager for its reasonable out-of-pocket expenses. The obligation of the dealer manager to perform its functions is subject to customary conditions. We have agreed to indemnify the dealer manager against various liabilities under the federal securities laws. The dealer manager may contact holders of old notes by mail, telephone, facsimile transmission and personal interviews and may request brokers, dealers and other nominee stockholders to forward materials relating to the exchange offer to beneficial owners. At any given time, Merrill Lynch, Pierce, Fenner & Smith Incorporated may trade the old notes or other of our securities for its own account or for the accounts of its customers and, accordingly, may hold a long or short position in the old notes.

Merrill Lynch, Pierce, Fenner & Smith Incorporated has provided in the past, and/or is currently providing, other investment banking and financial advisory services to us and our affiliates. Merrill Lynch, Pierce, Fenner & Smith Incorporated may continue to provide various investment banking and other services to us, and our affiliates, for which it would receive customary compensation from us.

Questions regarding the terms of the exchange offer may be directed to the dealer manager at its address and telephone number listed below:

Merrill Lynch & Co. 4 World Financial Center New York, New York 10080 Attention: Liability Management Group (888) 654-8637 (toll free) (212) 449-4906 (call collect)

From time to time, the dealer manager has provided us with investment banking and other services for customary compensation.

Other Fees and Expenses

We will bear the expenses of soliciting tenders of the old notes. The principal solicitation is being made by mail. Additional solicitations may, however, be made by e-mail, facsimile transmission, telephone or in person by the dealer manager and the information agent, as well as by our officers and other

18

employees and those of our affiliates. No additional compensation will be paid to any officers or employees who engage in soliciting exchanges. All other registration expenses, including fees and expenses of the Trustee under the Indenture relating to the new notes, filing fees, blue sky fees and printing and distribution expenses will be paid by us.

Tendering holders of old notes will not be required to pay any fee or commission to the dealer manager. If, however, a tendering holder handles the transaction through its broker, dealer, commercial bank, trust company or other institution, that holder may be required to pay brokerage fees or commissions.

Transfer Taxes

You will not be obligated to pay any transfer taxes in connection with the tender of old notes in the exchange offer unless you instruct us to register new notes in the name of, or request that old notes not tendered or accepted in the exchange offer be returned to, a person other than the registered tendering holder. In those cases, you will be responsible for the payment of any applicable transfer taxes.

Consequences of Failing to Exchange Old Notes

The trading market for outstanding notes not exchanged in the exchange offer may be more limited than it is at present. Therefore, if your old notes are not tendered and accepted in the exchange offer, it may become more difficult for you to sell or transfer your unexchanged old notes. See "Risk Factors—Consequences of Failure to Exchange."

DESCRIPTION OF NEW NOTES

The following description is a summary of certain material provisions of the Indenture. It does not restate the agreement in its entirety. We urge you to read the Indenture because it, and not this description, defines your rights as holders of these new notes. We have filed copies of the Indenture as an exhibit to the Registration Statement which includes this prospectus. Capitalized terms used herein but not defined have the meanings set forth in the Indenture.

The new notes will be issued under the Eighth Supplemental Indenture, to be dated as of the settlement date, to the senior indenture dated as of January 15, 1991, as supplemented by the First Supplemental Indenture, dated as of May 19, 1997, the Second Supplemental Indenture, dated as of April 26, 1999, the Third Supplemental Indenture, dated as of May 23, 2000, the Fourth Supplemental Indenture, dated as of February 6, 2001, the Fifth Supplemental Indenture, dated as of July 5, 2001, the Sixth Supplemental Indenture, dated as of April 30, 2002 and the Seventh Supplemental Indenture, dated as of April 30, 2002 (as amended or supplemented from time to time, the "Indenture") between Norfolk Southern Corporation and U.S. Bank Trust National Association, formerly known as First Trust of New York National Association, as successor Trustee (the "Trustee"). The new notes are a new series of debt securities under the Indenture.

The terms of the new notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939 (the "Trust Indenture Act"). You can find the definitions of certain terms used in this description under the subheading "Certain Definitions."

General

The new notes will mature on September 1, 2014. The new notes will bear interest from the date of issuance, payable semiannually in arrears on March 15 and September 15, commencing on September 15, 2004, to the persons who are holders of record on the close of business on the immediately preceding March 1 and September 1.

The new notes will bear interest at a rate per annum equal to the sum of (a) the yield on the 4.75% U.S. Treasury Note due May 15, 2014, as of 2:00 p.m., New York City time (as indicated on the Bloomberg screen page PX1), on the second business day prior to the expiration date, and (b) % (basis points). The Trustee will authenticate and deliver the new notes.

Interest will be computed on the basis of a 360-day year consisting of twelve 30-day months. If any interest payment date or the maturity date falls on a day that is not a Business Day, the required payment shall be made on the next Business Day as if it were made on the date such payment was due, and no interest shall accrue on the amount so payable for the period from and after such Interest Payment Date or such Maturity Date, as the case may be. "Business Day" means any day, other than a Saturday or Sunday, on which banking institutions in the city of New York are open for business.

Ranking

The new notes will be senior unsecured obligations of the Corporation and will rank equally with all of our other senior unsecured indebtedness. As of June 30, 2004, we had \$5,891 million of outstanding senior indebtedness (none of which is secured indebtedness) not including the debt of our subsidiaries. Because we are a holding company, the new notes effectively will rank junior to all liabilities of our subsidiaries. As of June 30, 2004, total liabilities (other than intercompany liabilities) of our railroad subsidiaries were approximately \$7,430 million and debt of our subsidiaries was approximately \$956 million.

Redemption

The new notes are not redeemable prior to maturity.

Sinking Fund

The new notes are not subject to any sinking fund.

20

Certain Covenants

The Indenture contains the covenants summarized below, which will be applicable (unless waived or amended) so long as any of the new notes offered hereby are outstanding.

Limitations on Liens on Stock or Indebtedness of Principal Subsidiaries

The Corporation will not, and will not permit any of its Subsidiaries to, create, assume, incur or suffer to exist any mortgage, pledge, lien, encumbrance, charge or security interest of any kind, other than a Purchase Money Lien, upon any stock or indebtedness, now owned or hereafter acquired, of any Principal Subsidiary, to secure any Obligation (other than the new notes) of the Corporation, any Subsidiary or any other person, without in any such case making effective provision whereby all of the outstanding new notes are secured on an equal and ratable basis with the obligations so secured. This restriction does not apply to any mortgage, pledge, lien, encumbrance, charge or security interest on any stock or indebtedness of a corporation existing at the time such corporation becomes a Subsidiary. This provision does not restrict any other property of the Corporation or its Subsidiaries. "Obligation" is defined as indebtedness for money borrowed or indebtedness evidenced by a bond, note, debenture or other evidence of indebtedness. "Purchase Money Lien" is defined as any mortgage, pledge, lien, encumbrance, charge or security interest of any kind upon any stock or indebtedness of any Principal Subsidiary acquired after the date any new notes are first issued if such Purchase Money Lien is for the purpose of financing, and does not exceed, the cost to the Corporation or any Subsidiary of acquiring the indebtedness of such Principal Subsidiary and such financing is effected concurrently with, or within 180 days after, the date of such acquisition. "Principal Subsidiary" is defined as NSR. "Subsidiary" is defined as an entity a majority of the outstanding voting stock of which is owned, directly or indirectly, by the Corporation or one or more Subsidiaries, but does not include Conrail. The Indenture does not prohibit the sale by the Corporation or any Subsidiary of any stock or indebtedness of any Subsidiary.

Limitations on Funded Debt

The Indenture provides that the Corporation will not permit any Restricted Subsidiary to incur, issue, guarantee or create any Funded Debt unless, after giving effect thereto, the sum of the aggregate amount of all outstanding Funded Debt of the Restricted Subsidiaries would not exceed an amount equal to 15% of Consolidated Net Tangible Assets. The limitation on Funded Debt will not apply to, and there will be excluded from Funded Debt in any computation under such restriction, Funded Debt secured by:

- (1) Liens on real or physical property of any corporation existing at the time such corporation becomes a Subsidiary;
- (2) Liens on real or physical property existing at the time of acquisition thereof incurred within 180 days of the time of acquisition thereof (including, without limitation, acquisition through merger or consolidation) by the Corporation or any Restricted Subsidiary;
- (3) Liens on real or physical property thereafter acquired (or constructed) by the Corporation or any Restricted Subsidiary and created prior to, at the time of, or within 270 days after such acquisition (including, without limitation, acquisition through merger or consolidation) (or the completion of such construction or commencement of commercial operation of such property, whichever is later) to secure or provide for the payment of all or any part of the purchase price (or the construction price) thereof;

- (14) any extension, renewal, refunding or replacement of the foregoing.

The definitions set forth below apply only to the foregoing limitations on Funded Debt.

"Consolidated Net Tangible Assets" means, at any date, the total assets appearing on the most recent consolidated balance sheet of the Corporation and Restricted Subsidiaries as at the end of the fiscal quarter of the Corporation ending not more than 135 days prior to such date, prepared in accordance with generally accepted accounting principles, less (1) all current liabilities (due within one year) as shown on such balance sheet, (2) applicable reserves, (3) investments in and advances to Securitization Subsidiaries and Subsidiaries of Securitization Subsidiaries that are consolidated on the consolidated balance sheet of the Corporation and its Subsidiaries, and (4) Intangible Assets and liabilities relating thereto.

"Funded Debt" means (1) any indebtedness of a Restricted Subsidiary maturing more than 12 months after the time of computation thereof, (2) guarantees by a Restricted Subsidiary of Funded Debt or of dividends of others (except guarantees in connection with the sale or discount of accounts receivable,

22

trade acceptances and other paper arising in the ordinary course of business), (3) all preferred stock of such Restricted Subsidiaries, and (4) all Capital Lease Obligations (as defined in the Indenture) of a Restricted Subsidiary.

"Indebtedness" means, at any date, without duplication, (1) all obligations for borrowed money of a Restricted Subsidiary, evidenced by bonds, debentures, notes or other similar instruments, and (2) Funded Debt, except such obligations and other indebtedness of a Restricted Subsidiary and Funded Debt, if any, incurred as a part of a Securitization Transaction.

"Intangible Assets" means at any date, the value (net of any applicable reserves) as shown on or reflected in the most recent consolidated balance sheet of the Corporation and the Restricted Subsidiaries as at the end of the fiscal quarter of the Corporation ending not more than 135 days prior to such date, prepared in accordance with generally accepted accounting principles, of: (1) all trade names, trademarks, licenses, patents, copyrights, service marks, goodwill and other like intangibles; (2) organizational and development costs; (3) deferred charges (other than prepaid items, such as insurance, taxes, interest, commissions, rents, deferred interest waiver, compensation and similar items and tangible assets being amortized); and (4) unamortized debt discount and expense, less unamortized premium.

"Liens" means such pledges, mortgages, security interests and other liens, including purchase money liens, on property of the Corporation or any Restricted Subsidiary which secure Funded Debt.

"Receivables" mean any right of payment from or on behalf of any obligor, whether constituting an account, chattel paper, instrument, general intangible or otherwise, arising, either directly or indirectly, from the financing by the Corporation or any Subsidiary of the Corporation of property or services, monies due thereunder, security interests in the property and services financed thereby and any and all other related rights.

"Restricted Subsidiary" means each Subsidiary of the Corporation other than Securitization Subsidiaries and Subsidiaries of Securitization Subsidiaries.

"Securitization Subsidiary" means a Subsidiary of the Corporation (1) which is formed for the purpose of effecting one or more Securitization Transactions and engaging in other activities reasonably related thereto and (2) as to which no portion of the Indebtedness (as defined in the Indenture) or any other obligations (a) is

guaranteed by any Restricted Subsidiary, or (b) subjects any property or assets of any Restricted Subsidiary, directly or indirectly, contingently or otherwise, to any lien, other than pursuant to representations, warranties and covenants (including those related to servicing) entered into in the ordinary course of business in connection with a Securitization Transaction and inter-company notes and other forms of capital or credit support relating to the transfer or sale of Receivables or asset-backed securities to such Securitization Subsidiary and customarily necessary or desirable in connection with such transactions.

"Securitization Transaction" means any transaction or series of transactions that have been or may be entered into by the Corporation or any of its Subsidiaries in connection with or reasonably related to a transaction or series of transactions in which the Corporation or any of its Subsidiaries may sell, convey or otherwise transfer to (1) a Securitization Subsidiary or (2) any other Person, or may grant a security interest in, any Receivables or asset-backed securities or interest therein (whether such Receivables or securities are then existing or arising in the future) of the Corporation or any of its Subsidiaries, and any assets related thereto, including, without limitation, all security interests in the property or services financed thereby, the proceeds of such Receivables or asset-backed securities and any other assets which are sold in respect of which security interests are granted in connection with securitization transactions involving such assets.

Events of Default

Under the Indenture, an "event of default" includes the following:

- · failure to pay any principal or premium, if any, when due;
- failure to pay any interest when due, and this failure continues for 30 days and the time for payment
 has not been extended or deferred;
- · failure to pay any sinking fund installment when due;
- failure to perform any covenant in the Indenture, and the failure continues for 90 days;
- acceleration of any indebtedness of the Corporation (or any "significant subsidiary" of the Corporation, as defined in the federal securities laws) in an aggregate principal amount that exceeds \$30,000,000; and
- · certain events of bankruptcy, insolvency or reorganization.

If an event of default occurs and is continuing, either the Trustee or the holders of at least 25%, in aggregate principal amount, of the outstanding debt securities affected by the default, may notify the Corporation (and the Trustee, if notice is given by the holders) and declare that the unpaid principal, premium, and accrued interest, if any, is due and payable immediately. However, under certain circumstances, the holders of a majority in aggregate principal amount of outstanding debt securities may be able to rescind and annul this declaration for accelerated payment. The Corporation will furnish the Trustee with an annual statement that describes how the Corporation has performed its obligations under the Indenture, and that specifies any defaults that may have occurred.

Satisfaction and Discharge of Indenture

The Corporation may terminate its obligations with respect to a series of debt securities under the Indenture

if:

- all the outstanding debt securities have been delivered to the Trustee for cancellation;
- · the Corporation has paid all sums it is required to pay under the Indenture; or
- the Corporation deposits with the Trustee sufficient funds, or the equivalent thereof, to cover
 payments due under the Indenture.

As a condition to defeasance, the Corporation must deliver to the Trustee an opinion of counsel to the effect that (i) the holders will not recognize gain or loss on such debt securities for federal income tax purposes solely as a result of the Corporation's defeasance, and (ii) the holders will be subject to federal income tax in the same amounts and at the same times as would have been the case if the Corporation's defeasance had not occurred. In the event of defeasance, holders of debt securities must look to the funds the Corporation has deposited with the Trustee to cover payments due under the Indenture.

Modification and Waiver

The Corporation and the Trustee may modify or amend the Indenture by obtaining the written consent of the individuals who hold at least a majority, in aggregate principal amount, of the outstanding debt securities of each series that is affected. However, certain changes can be made only with the consent of each holder of an outstanding series of debt securities. For example, each holder must consent to changes in:

- the stated maturity date;
- the principal, premium, or interest payments, if any;
- · the place or currency of any payment;
- · the rights of holders to enforce payment;
- the percentage of outstanding debt securities of any series, if the consent of the holders of those debt securities is needed to modify, amend or waive certain provisions of the Indenture;

24

- the conversion provisions of any convertible debt security; or
- the subordination provisions.

The holders of a majority, in aggregate principal amount, of the outstanding debt securities of any series can consent, on behalf of the holders of the entire series, to waive certain provisions of the Indenture. In addition, these holders also can consent to waive any past default under the Indenture, except:

- a default in any payments due; and
- a default on an Indenture provision that can be modified or amended only with the consent of each holder of an outstanding debt security.

Consolidation, Merger and Sale of Assets

The Corporation cannot merge with, or sell, transfer or lease substantially all of its assets to, another corporation, without the consent of the holders of a majority, in aggregate principal amount, of the outstanding debt securities under the Indenture, unless:

- the successor corporation is organized and existing under the laws of the United States and assumes the Corporation's obligations under the Indenture;
- after giving effect to the transaction, no event of default (and no event which, after notice or lapse of time, would become an event of default) will have occurred and be continuing; and
- the successor corporation executes a supplemental indenture that assumes the obligations of the Indenture, satisfies the Trustee, and provides the necessary opinions and certificates.

Since the Corporation is a holding company, if one of its subsidiaries distributes its assets as a result of a liquidation or recapitalization of that subsidiary, the rights of the Corporation, of the Corporation's creditors and of the holders of debt securities to participate in the subsidiary's distribution of assets will be subject to the prior claims of that subsidiary's creditors, except to the extent that the Corporation itself may be a creditor with prior claims enforceable against its subsidiary.

Form, Exchange and Transfer

Unless otherwise indicated in a supplemental indenture, the debt securities of each series will be issued only in fully registered form, without coupons, and in denominations of \$100,000 and integral multiples of \$1,000 thereof. Pursuant to the terms of the Eighth Supplemental Indenture, the new notes will be issued in minimum denominations of \$1,000 and integral multiples of \$1,000. At the option of the holder, subject to the terms of the Indenture and the limitations on global securities described in a supplemental indenture, debt securities of any series will be exchangeable for other debt securities of the same series, in any authorized denomination and of like tenor and aggregate principal amount. Holders can exchange or register the transfer of their debt securities, in the manner prescribed by the Corporation or the Trustee, at the office of the Corporation's security registrar or transfer agent as designated by the Corporation. Unless the debt securities provide otherwise, there is no service charge to exchange or register the transfer of debt securities. However, the Corporation may require holders to pay any taxes or other governmental charges. The Corporation can designate additional transfer agents, terminate any transfer agent, or change the office through which a transfer agent acts, but the Corporation must maintain a transfer agent in each place where debt securities payments are made.

Concerning The Trustee

Unless the related supplemental indenture indicates otherwise, U.S. Bank Trust National Association will be the trustee under the Indenture, and will act as the security registrar and paying agent for the Corporation's debt securities.

The holders of a majority, in aggregate principal amount, of the debt securities of any series will have the right to direct the time, method and place to conduct any proceeding to exercise any remedy available

25

to the Trustee, subject to certain exceptions. The Indenture provides that if an event of default occurs (and is not cured) with respect to a series of debt securities, the Trustee will be required, in the exercise of its power, to use the same degree of care a prudent person would use in the conduct of that person's own affairs. Subject to this standard, the Trustee is not obligated to exercise any of its powers under the Indenture at the request of a debt securities holder, unless the holder offers to indemnify the Trustee against any loss, liability or expense, and then only to the extent required by the terms of the Indenture.

Further Issues

We may from time to time, without notice to or the consent of the registered holders of the new notes, create and issue further notes ranking *pari passu* with the new notes in all respects (or in all respects except for the payment of interest accruing prior to the issue date of such further notes or except for the first payment of interest following the issue date of such further notes) and so that such further notes may be consolidated and form a single series with the new notes and have the same terms as to status, redemption or otherwise as the new notes.

Governing Law

The Indenture and the new notes will be governed by and construed in accordance with the laws of the State of New York, except to the extent that the Trust Indenture Act shall be applicable.

BOOK-ENTRY; DELIVERY AND FORM

The following are summaries of certain rules and operating procedures of DTC that affect the payment of principal and interest and the transfers of interests in the global notes. Upon issuance, the notes will be issued only in the form of one or more definitive global securities which will be deposited with, or on behalf of, DTC and registered in the name of Cede & Co., as nominee of DTC. Unless and until it is exchanged in whole or in part for notes in definitive form under the limited circumstances described below, a global note may not be transferred except as a whole (1) by DTC to a nominee, (2) by a nominee of DTC to DTC or another nominee of DTC or (3) by DTC or any such nominee to a successor of DTC or an ominee of such successor.

Ownership of beneficial interests in a global note will be limited to persons that have accounts with DTC for such global note ("participants") or persons that may hold interests through participants. Upon the issuance of a global note, DTC will credit, on its book-entry registration and transfer system, the participants' accounts with the respective principal amounts of the notes represented by such global note beneficially owned by such participants. Ownership of beneficial interests in the global notes will be shown on, and the transfer of such ownership interests will be effected only through, records maintained by DTC (with respect to interests of participants). The laws of some states may require that certain purchasers of securities take physical delivery of

such securities in definitive form. Such laws may limit or impair the ability to own, transfer or pledge beneficial interests in the global notes.

So long as DTC or its nominee is the registered owner of a global note, DTC or its nominee, as the case may be, will be considered the sole owner or holder of the notes represented by such global note for all purposes under the Indenture. Except as set forth below, owners of beneficial interests in a global note will not be entitled to have notes represented by such global note registered in their names, will not receive or be entitled to receive physical delivery of such notes in certificated form and will not be considered the registered owners or holders thereof under the Indenture. Accordingly, each person owning a beneficial interest in a global note must rely on the procedures of DTC and, if such person is not a participant, on the procedures of the participant through which such person owns its interest, to exercise any rights of a holder under the Indenture. We understand that under existing industry practices, if we request any action of holders or if an owner of a beneficial interest in a global note desires to give or take any action that a holder is entitled to give or take under the Indenture, DTC would authorize the participants holding the relevant beneficial interests to give or take such action, and such participants would authorize beneficial owners of beneficial owners holding through them.

Principal and interest payments on interests represented by a global note will be made to DTC or its nominee, as the case may be, as the registered owner of such global note. None of Norfolk Southern, the

26

Trustee or any other agent of Norfolk Southem or agent of the Trustee will have any responsibility or liability for any facet of the records relating to or payments made on account of beneficial ownership of interests. We expect that DTC, upon receipt of any payment of principal or interest in respect of a global note, will immediately credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in such global note as shown on the records of DTC. We also expect that payments by participants to owners of beneficial interests in the global notes held through such participants will be governed by standing customer instructions and customary practice, as is now the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such participants.

If DTC is at any time unwilling or unable to continue as depository for the notes, and we fail to appoint a successor depository registered as a clearing agency under the Securities Exchange Act of 1934 (the "Exchange Act") within 90 days, we will issue notes in definitive form in exchange for the respective global notes. Any notes issued in definitive form in exchange for the global notes will be registered in such name or names, and will be issued in denominations of \$1,000 and integral multiples of \$1,000, as DTC shall instruct the Trustee. It is expected that such instructions will be based upon directions received by DTC from participants with respect to ownership of beneficial interests in the global notes.

DTC is a limited purpose trust company organized under the Banking Law of the State of New York, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to the provisions of Section 17A of the Exchange Act. DTC was created to hold the securities of its participants and to facilitate the clearance and settlement of transactions among its participants in such securities through electronic book-entry changes in accounts of the participants, thereby eliminating the need for physical movement of securities certificates. DTC's participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations, some of which (and/or their representatives) own DTC. Access to the DTC book-entry system is also available to others, such as banks, brokers and dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly.

CERTAIN U.S. FEDERAL INCOME TAX CONSEQUENCES

The following is a general discussion of certain anticipated U.S. federal income tax consequences to beneficial holders whose old notes are tendered and accepted in the exchange offer. This summary is based on laws, regulations, rulings and decisions now in effect, all of which are subject to change, possibly with retroactive effect. This summary does not discuss all aspects of U.S. federal income taxation that may be relevant to a particular holder or to certain types of holders that may be subject to special tax rules (such as banks, taxexempt entities, insurance companies, S corporations, dealers in securities or currencies, traders in securities electing to mark to market, persons that will hold the new notes as a position in a "straddle" or conversion transaction, or as part of a "synthetic security" or other integrated financial transaction or persons that have a "functional currency" other than the U.S. dollar). The discussion is limited to exchanging holders who have held the old notes as "capital assets" within the meaning of section 1221 of the Internal Revenue Code of 1986, as amended (the "Code") and (i) who are (a) citizens or residents of the United States, (b) domestic corporations or (c) trusts if, with respect to such a trust, a court within the United States can exercise primary supervision over its administration and one or more U.S. persons have the authority to control all of the substantial decisions of the trust or certain trusts that validly elected to be treated as domestic trusts or (ii) that otherwise are subject to U.S. federal income taxation on a net income basis with respect to the old notes. Further, this discussion assumes that a substantial amount of the new notes is considered to be "traded on an established market" for U.S. federal income tax purposes and that the fair market value of each new note, determined as of the issue date, will be equal to its stated principal amount. Because the law with respect to certain U.S. federal income tax consequences of the exchange offer is uncertain and no ruling has been or will be requested from the Internal Revenue Service (the "Service") on any U.S. federal income tax matter concerning the exchange offer, no assurances can be given that the Service or a court considering these issues will agree with the positions or conclusions discussed below.

27

HOLDERS ARE URGED TO CONSULT THEIR TAX ADVISORS AS TO THE CONSEQUENCES TO THEM OF THE EXCHANGE, INCLUDING THE APPLICABILITY AND EFFECT OF FEDERAL, STATE, LOCAL AND FOREIGN INCOME AND OTHER TAX LAWS.

Payment for Accrued but Unpaid Interest. The cash payment received by each holder for accrued but unpaid interest should be taxable to the holder as ordinary interest income in accordance with the holder's method of accounting for U.S. federal income tax purposes.

General. The exchange of old notes for new notes should qualify as a tax-free recapitalization under Section 368(a)(1)(E) of the Code. Based on the foregoing:

a holder of old notes who exchanges such notes for new notes should recognize any gain (but not loss) realized on such old notes in an amount equal to the lesser of:

- an amount equal to the excess, if any, of (i) the sum of (a) subject to the discussion below
 regarding the early participation payment, any early participation payment received with respect
 to such tendered old notes and (b) the stated principal amount of the new notes received in
 exchange for such old notes over (ii) the holder's adjusted tax basis in such old notes; or
- an amount equal to the sum of (i) subject to the discussion below regarding the early participation
 payment, any early participation payment received with respect to such tendered old notes and (ii)
 the excess of (a) the stated principal amount of the new notes received in exchange for such old
 notes over (b) the stated principal amount of such old notes (such excess, the "excess principal
 amount").

Except as discussed below, gain recognized by an exchanging holder should be capital gain and should be long-term capital gain, if, at the time of the exchange, the holder's holding period for the old notes exceeded one year. Gain recognized by an exchanging holder should be treated as ordinary income to the extent of any market discount on the old notes exchanged that has accrued during the period that the exchanging holder held the old notes and that has not previously been included in income by the holder. Old notes generally should be considered to have been acquired with market discount if the stated principal amount of the old notes at the time of acquisition exceeded the holder's initial tax basis in the old notes by more than a statutory de minimis amount. Market discount accrues on a ratable basis unless the holder elects to accrue the market discount using a constant-yield method.

The gain calculation (as well as the holding period and tax basis calculations discussed below) should be made separately for each block of old notes exchanged, and a loss realized on one block of old notes may not be used to offset a gain recognized on another block of old notes. A holder's holding period for the portion of the new notes that is not attributable to excess principal amount should include such holder's holding period for the old notes exchanged therefor, but a holder's holding period for the old notes exchanged therefor. The aggregate adjusted tax basis in the new notes received should be equal to the aggregate tax basis in the old notes exchanged therefor (i) subject to the discussion below regarding the early participation payment, reduced by any early participation payment received with respect to such tendered old notes and (ii) increased by the amount of any gain recognized by such holder on the exchange. The manner of allocating such aggregate adjusted tax basis in the new notes to determine the holding period for and adjusted tax basis in the new notes received among the individual new notes is not entirely clear under current law. Holders basis do consult their tax advisors in order to determine the holding period for and adjusted tax basis in the new notes received in the exchange offer.

Early Participation Payment Received in Connection with the Exchange of Old Notes for New Notes. The U.S. federal income tax treatment of the receipt of the early participation payment upon the exchange of old notes for new notes is unclear because there are no authorities that directly address the treatment of such a payment. We intend to treat any early participation payment received by a holder in connection with the exchange of old notes for new notes as additional consideration received by such holder as part of the exchange. In the event that such early participation payment is not treated as additional consideration received by a holder as part of the exchange, such payment likely would be treated as a separate payment in the nature of a fee paid for such holder's early tentier old notes, and such holder likely would recognize ordinary income in the amount of such early participation payment.

28

Amortizable Bond Premium. If a holder's adjusted tax basis in a new note immediately after the exchange exceeds the stated principal amount of such new note, the holder should be considered to have amortizable bond premium equal to such excess. The holder may elect to amortize this premium using a constant yield method over the term of the new note. A holder who elects to amortize bond premium may offset each interest payment on such new note by the portion of the bond premium allocable to such payment and must reduce its tax basis in such new note by the amount of the premium so amortized.

Market Discount. Accrued market discount on old notes not previously treated as ordinary income by a holder (including, as described above, in connection with the exchange of old notes for new notes) should carry over to the new notes received in exchange therefor. A holder should be required to treat any gain on the sale, exchange, retirement or other taxable disposition (collectively, a "disposition") of a new note as ordinary income to the extent of the accrued market discount on the new note at the time of the disposition unless such market discount has been previously included in income by the holder pursuant to an election by the holder.

Disposition of a New Note. In general, subject to the discussion above regarding market discount, a disposition of a new note should result in capital gain or loss equal to the difference between the amount realized (except to the extent such amount is attributable to accrued but unpaid interest on the new note, which amount should be taxable as ordinary interest income in accordance with such holder's method of accounting for U.S. federal income tax purposes) and the exchanging holder's adjusted tax basis in such new note immediately before such disposition (which should reflect any market discount previously included in income). When the new notes to be received by a holder are rounded downward to the nearest integral multiple of \$1,000 and the difference (that is, the fractional new note) is paid by us in cash, we intend to treat the holder as having received the aggregate amount of new notes to which such holder otherwise would have been entitled and then having disposed of such fractional new note for cash.

Backup Withholding. Under the backup withholding rules, payments of interest and payments of proceeds from any disposition of a new note may be subject to backup withholding tax unless the exchanging holder (i) is a corporation or comes within certain other exempt categories and demonstrates that fact when required or (ii) provides a correct taxpayer identification number, certifies as to no loss of exemption from backup withholding rules. Any amounts deducted and withheld should generally be allowed as a credit against the recipient's U.S. federal income tax liability, provided appropriate proof is provided under rules established by the Service. Moreover, certain penalties may be imposed by the Service on a recipient of payments that is required to supply information but that does not do so in the proper manner. Holders of new notes should consult their tax advisors regarding their qualification for exemption.

Certain legal matters with respect to the validity of the issuance of the new notes will be passed upon for

PART II

INFORMATION NOT REQUIRED IN PROSPECTUS

Item 20. Indemnification of Directors and Officers

The Virginia Stock Corporation Act (the "Virginia Act") provides, in general, for the indemnification of Norfolk Southern's directors and officers in a variety of circumstances, which may include indemnification for liabilities under the Securities Act. Under Sections 13.1-697 and 13.1-702 of the Virginia Act, a Virginia corporation generally is authorized to indemnify its directors and officers in civil or criminal actions if they acted in good faith and believed their conduct to be in the best interests of the corporation and, in the case of criminal actions, had no reasonable cause to believe that the conduct was unlawful.

Article VI of Norfolk Southern's Restated Articles of Incorporation provides, in general, for mandatory indemnification of directors and officers (including former directors and officers), to the fullest extent permitted by Virginia law, against liability incurred by them in proceedings by third parties, or by or on behalf of Norfolk

Southern itself, by reason of the fact that such person is, or was, a director or officer of Norfolk Southern, or is, or was, serving at the request of Norfolk Southern as a director, officer, employee, agent or otherwise of another corporation.

Article VI of Norfolk Southem's Restated Articles of Incorporation also provides that in every instance, and to the fullest extent, permitted by Virginia corporate law in effect from time to time, Norfolk Southern directors and officers (including former directors and officers) shall not be liable to Norfolk Southern or its shareholders. Under current Virginia law, this provision cannot limit liability for willful misconduct or for a knowing violation of the criminal law.

Norfolk Southern directors and officers are covered by certain policies providing directors' and officers' liability insurance. In general, the insurers are obliged to make payments under these policies only if Norfolk Southern may indemnify a director or officer and does not or cannot do so. The policies are issued on a "claims made" basis.

I am acting as counsel for Norfolk Southern Corporation, a Virginia corporation (the "Corporation"), and in such capacity have acted as counsel to the Corporation in connection with the public offering of the Corporation's Notes Due 2014 (the "New Notes") to be issued under the Eight Supplemental Indenture (the "Supplemental Indenture") to the senior indenture dated as of January 15, 1991, as supplemented by the First Supplemental Indenture, dated as of May 19, 1997, the Second Supplemental Indenture, dated as of April 26, 1999, the Third Supplemental Indenture, dated as of May 23, 2000, the Fourth Supplemental Indenture, dated as of February 6, 2001, the Fifth Supplemental Indenture, dated as of July 5, 2001, the Sixth Supplemental Indenture, dated as of April 30, 2002, and the Seventh Supplemental Indenture, dated as of April 30, 2002 (as amended or supplemented from time to time, the "Indenture") between Norfolk Southern Corporation and U.S. Bank Trust National Association, formerly known as First Trust of New York National Association, as successor Trustee (the "Trustee"). The New Notes are to be issued pursuant to an exchange offer (the "Exchange Offer") for up to \$400,000,000 aggregate principal amount of the Corporation's issued and outstanding 7.350% Notes Due 2007 (the "Old Notes").

This opinion is being furnished in accordance with the requirements of Item 601(b) (5) of Regulation S-K under the Securities Act of 1933, as amended (the "Act").

In rendering the opinions set forth herein, I have examined originals or copies, certified or otherwise identified to my satisfaction, of

(i) the Registration Statement on Form S-4 relating to the New Notes to be filed on the date hereof with the Securities and Exchange Commission (the "Commission") under the Act (the "Registration Statement");

(ii) an executed copy of the Indenture;

(iii) the form of Supplemental Indenture;

(iii) the Articles of Incorporation of the Corporation, as currently in effect;

(iv) the Amended Bylaws of the Corporation, as currently in effect;

(v) certain resolutions adopted by the Board of Directors of the Corporation relating to the Exchange Offer, the issuance of the New Notes, the Supplemental Indenture and related matters;

(vi) the Form T-1 of the Trustee filed as an exhibit to the Registration Statement; and

(vii) the form of the New Notes and a specimen certificate thereof.

I have also examined originals or copies, certified or otherwise identified to my satisfaction, of such records of the Corporation and such agreements, certificates of public officials, certificates of officers or other representatives of the Corporation and others, and such other documents, certificates and records as I have deemed necessary or appropriate as a basis for the opinions set forth herein.

In my examination, I have assumed the legal capacity of all natural persons, the genuineness of all signatures, the authenticity of all documents submitted to me as originals, the conformity to original documents of all documents submitted to me as certified, conformed or photostatic copies and the authenticity of the originals of such latter documents. Indenture, the Supplemental Indenture and the New Notes and, to the extent that judicial or regulatory orders or decrees or consents, approvals, licenses, authorizations, validations, filings, recordings or registrations with governmental authorities are relevant, to those required under such laws (all of the foregoing being referred to as "Opined on Law"). I do not express any opinion with respect to the law of any jurisdiction other than Opined on Law or as to the effect of any such non opined on law on the opinions herein stated. The opinions expressed herein are based on laws in effect on the date hereof, which laws are subject to change with possible retroactive effect.

Based upon and subject to the foregoing and the limitations, qualifications, exceptions and assumptions set forth herein, I am of the opinion that:

2. When the New Notes (in the form examined by me) have been duly executed and authenticated in accordance with the terms of the Indenture and the Supplemental Indenture and have been delivered upon consummation of the Exchange Offer against receipt of the Old Notes surrendered in exchange therefor in accordance with the terms of the Exchange Offer, the New Notes will constitute valid and binding obligations of the Corporation entitled to the benefits of the Indenture and enforceable against the Corporation in accordance with their terms, except to the extent that the enforcement thereof may be limited by (A) bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance or other similar laws now or hereafter in effect relating to creditors' rights generally and (B) general principles of equity (regardless of whether enforcement is considered in a proceeding at law or in equity).

I hereby consent to the filing of this opinion with the Commission as an exhibit to the Registration Statement. DELIVERY OF THIS INSTRUMENT TO AN ADDRESS OTHER THAN AS SET FORTH ABOVE, OR TRANSMISSION OF THIS LETTER OF TRANSMITTAL VIA FACSIMILE OTHER THAN AS SET FORTH ABOVE, WILL NOT CONSTITUTE A VALID DELIVERY OF THIS LETTER OF TRANSMITTAL.

The undersigned acknowledges that he or she has received and reviewed the prospectus, dated , 2004 (the "Prospectus"), of Norfolk Southern Corporation, a Virginia corporation (the "Corporation"), and this Letter of Transmittal (the "Letter"), which together constitute the Corporation's offer (the "Exchange Offer"), to exchange its outstanding 7.35% Notes Due May 15, 2007 (the "old notes"), into new notes due September 1, 2014 (the "new notes"), in an aggregate principal amount to be determined in the manner set forth in the Prospectus and upon the terms and subject to the conditions described in the Prospectus and the Letter of Transmittal.

We want to encourage holders to tender early. Accordingly, the total exchange price, for each \$1,000 principal amount of old notes tendered and accepted, includes an early participation payment of \$, which payment shall be in cash (the "early participation payment"). Holders who validly tender their old notes on or prior to 5:00 p.m. New York City time on the early participation date and do not withdraw their tenders will receive the early participation payment. Holders who validly tender their old notes after the early participation date and do not withdraw their tenders will not receive the portion of the total exchange price attributable to the early participation payment.

New notes will be issued in minimum denominations of 1,000 and integral multiples of 1,000. If, under the terms of the Exchange Offer, any tendering holder is entitled to receive new notes in a principal amount that is not an integral multiple of 1,000, we will round downward the amount of new notes to the nearest integral multiple of 1,000 and pay the difference in cash.

Assuming the Corporation has not previously elected to terminate the Exchange Offer, for any or no reason, in its sole and absolute discretion and subject to the conditions listed below, the Corporation will exchange up to \$400,000,000 aggregate principal amount of old notes for new notes, subject to the requirement that it receives valid tenders, not withdrawn prior to the expiration date, of at least \$150,000,000 aggregate principal amount of old notes. If old notes having an aggregate principal amount of more than \$400,000,000 are validly tendered and not withdrawn, the Corporation will accept for exchange only old notes in an aggregate principal amount up to \$400,000,000 aggregate principal amount of old notes on a *pro rata* basis among the tendering holders.

This Letter is to be completed by a holder of old notes either if certificates for such old notes are to be forwarded

herewith or if a tender is to be made by book-entry transfer to the account maintained by the Exchange Agent at The Depository Trust Company ("DTC") pursuant to the procedures set forth in "The Exchange Offer—Book-Entry Transfers" section of the Prospectus and an Agent's Message is not delivered. **Old notes tendered before the early participation date may be withdrawn at any time prior to the early participation date. Old notes tendered after the early participation date may be withdrawn at any time prior to the expiration date. Old notes tendered after the early participation date may be withdrawn at any time prior to the expiration date. Old notes tendered after the Prospectus entitled "The Exchange Offer — Terms of the Exchange Offer; Period for Tendering Old Notes;" "— Procedures for Tendering Old Notes" and "Withdrawal Rights" for a more complete description of the tender and withdrawal provisions.** Tenders by book-entry transfer also may be made by delivering an Agent's Message in lieu of this Letter. The term "Agent's Message" means a message, transmitted by the DTC to and received by the Exchange Agent and forming a part of the confirmation of book-entry tender of old notes into the Exchange Agent's account at the DTC (a "Book-Entry Confirmation"), which states that the DTC has received an express acknowledgment from the tendering participant, which acknowledgment states that such participant has received and agrees to be bound by this Letter and that the Corporation may enforce this Letter against such participant. See Instruction 1. Delivery of documents to the DTC does not constitute delivery to the Exchange Agent.

The method of delivery of old notes, Letters of Transmittal and all other required documents are at the election and risk of the holders. If such delivery is by mail, it is recommended that registered mail, properly insured, with return receipt requested, be used. In all cases, sufficient time should be allowed to assure timely delivery. No Letters of Transmittal or old notes should be sent to the Corporation.

The undersigned has completed the appropriate boxes below and signed this Letter to indicate the action the undersigned desires to take with respect to the Exchange Offer.

List below the old notes to which this Letter relates. If the space provided below is inadequate, the certificate numbers and principal amount of old notes should be listed on a separate signed schedule affixed hereto.

INSTRUCTIONS

Forming Part of the Terms and Conditions of the Exchange Offer for the

1. Delivery of this Letter and Notes.

This Letter of Transmittal (this "Letter") is to be completed by holders of old notes either if certificates are to be forwarded herewith or if tenders are to be made pursuant to the procedures for delivery by book-entry transfer set forth in the section of the Prosepctus entitled "The Exchange Offer—Book-Entry Transfers" and an Agent's Message is not delivered. Tenders by book-entry transfer also may be made by delivering an Agent's Message in lieu of this Letter. The term "Agent's Message" means a message, transmitted by DTC to and received by the Exchange Agent and forming a part of a Book-Entry Confirmation, which states that DTC has received an express acknowledgment from the tendering participant, which acknowledgment states that such participant has received and agrees to be bound by, and makes the representations and warranties contained in, the Letter and that the Corporation may enforce the Letter against such participant. Certificates for all physically tendered old notes, or Book-Entry Confirmation, as the case may be, as well as a properly completed and duly executed Letter (or manually signed facsimile hereof or Agent's Message in lieu thereof) and any other documents required by this Letter, must be received by the Exchange Agent at the address set forth herein prior to the expiration date. Old notes tendered hereby must be in denominations of a principal amount of \$1,000 and any integral multiple thereof.

The method of delivery of this Letter, the old notes and all other required documents is at the election and risk of the tendering holders, but the delivery will be deemed made only when actually received or confirmed by the Exchange Agent. If old notes are sent by mail, it is suggested that the mailing be registered mail, properly insured,

with return receipt requested, made sufficiently in advance of the expiration date to permit delivery to the Exchange Agent prior to 5:00 p.m., New York City time, on the expiration date. See the section of the Prospectus entitled "The Exchange Offer."

2. Partial Tenders (not applicable to note holders who tender by book-entry transfer).

If less than all of the old notes evidenced by a submitted certificate are to be tendered, the tendering holder(s) should fill in the aggregate principal amount of old notes to be tendered in the box above entitled "Description of Old Notes—Principal Amount Tendered." A reissued certificate representing the balance of nontendered old notes will be sent to such tendering holder, unless otherwise provided in the appropriate box on this Letter, promptly after the expiration date. ALL OF THE OLD NOTES DELIVERED TO THE EXCHANGE AGENT WILL BE DEEMED TO HAVE BEEN TENDERED UNLESS OTHERWISE INDICATED.

3. Signatures on this Letter; Bond Powers and Endorsements; Guarantee of Signatures.

If this Letter is signed by the holder of the old notes tendered hereby, the signature must correspond exactly with the name as written on the face of the certificates or on the DTC's security position listing as the holder of such old notes without any change whatsoever.

If any tendered old notes are owned of record by two or more joint owners, all of such owners must sign this Letter.

If any tendered old notes are registered in different names on several certificates, it will be necessary to complete, sign and submit as many separate copies of this Letter as there are different registrations of certificates.

When this Letter is signed by the registered holder or holders of the old notes specified herein and tendered hereby, no endorsements of certificates or separate bond powers are required. If, however, the new notes are to be issued, or any untendered old notes are to be reissued, to a person other than the registered holder, then endorsements of any certificates transmitted hereby or separate bond powers are required. Signatures on such certificate(s) must be guaranteed by a participant in a securities transfer association recognized signature program.

7

If this Letter is signed by a person other than the registered holder or holders of any certificate(s) specified herein, such certificate(s) must be endorsed or accompanied by appropriate bond powers, in either case signed exactly as the name or names of the registered holder or holders appear(s) on the certificate(s) and signatures on such certificate(s) must be guaranteed by an Eligible Institution.

If this Letter or any certificates or bond powers are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, such persons should so indicate when signing, and, unless waived by the Corporation, proper evidence satisfactory to the Corporation of their authority to so act must be submitted.

ENDORSEMENTS ON CERTIFICATES FOR OLD NOTES OR SIGNATURES ON BOND POWERS REQUIRED BY THIS INSTRUCTION 3 MUST BE GUARANTEED BY A FIRM WHICH IS A FINANCIAL INSTITUTION (INCLUDING MOST BANKS, SAVINGS AND LOAN ASSOCIATIONS AND BROKERAGE HOUSES) THAT IS A PARTICIPANT IN THE SECURITIES TRANSFER AGENTS MEDALLION PROGRAM, THE NEW YORK STOCK EXCHANGE MEDALLION SIGNATURE PROGRAM OR THE STOCK EXCHANGES MEDALLION PROGRAM (EACH AN "ELIGIBLE INSTITUTION").

SIGNATURES ON THIS LETTER NEED NOT BE GUARANTEED BY AN ELIGIBLE INSTITUTION, PROVIDED THE OLD NOTES ARE TENDERED: (I) BY A REGISTERED HOLDER OF OLD NOTES (WHICH TERM, FOR PURPOSES OF THE EXCHANGE OFFER, INCLUDES ANY PARTICIPANT IN DTC'S SYSTEM WHOSE NAME APPEARS ON A SECURITY POSITION LISTING AS THE HOLDER OF SUCH OLD NOTES) WHO HAS NOT COMPLETED THE BOX ENTITLED "SPECIAL ISSUANCE INSTRUCTIONS" OR "SPECIAL DELIVERY INSTRUCTIONS" ON THIS LETTER, OR (II) FOR THE ACCOUNT OF AN ELIGIBLE INSTITUTION.

4. Special Issuance and Delivery Instructions.

Tendering holders of old notes should indicate in the applicable box the name and address to which new notes issued pursuant to the Exchange Offer and/or substitute certificates evidencing old notes not exchanged are to be issued or sent, if different from the name or address of the person signing this Letter. In the case of issuance in a different name, the employer identification or social security number of the person named also must be indicated. Note holders tendering old notes by book-entry transfer may request that old notes not exchanged be credited to such account maintained at DTC as such note holder may designate hereon. If no such instructions are given, such old notes not exchanged will be returned to the name and address of the person signing this Letter.

5. Taxpayer Identification Number and Backup Withholding.

Federal income tax law generally requires that a tendering holder whose old notes are accepted for exchange must provide the Exchange Agent (as payor) with such holder's correct Taxpayer Identification Number (a "TIN"), which, in the case of a holder who is an individual, is such holder's social security number. If the Exchange Agent is not

provided with the correct TIN or an adequate basis for an exemption, such holder may be subject to a \$50 penalty imposed by the Internal Revenue Service and backup withholding in an amount equal to 28% of the amount of any reportable payments made to such tendering holder. If backup withholding results in an overpayment of taxes, a refund may be obtained.

To prevent backup withholding, each tendering holder that is a U.S. person (including a resident alien) must, unless an exemption applies, provide such holder's correct TIN by completing the "Substitute Form W-9" set forth herein, certifying that the TIN provided is correct (or that such holder is awaiting a TIN) and that (i) the holder is exempt from backup withholding, (ii) the holder has not been notified by the Internal Revenue Service that such holder is subject to backup withholding as a result of a failure to report all interest or dividends or (iii) the Internal Revenue Service has notified the holder is no longer subject to backup withholding.

If the holder does not have a TIN, such holder should consult the enclosed Guidelines for Certification of Taxpayer Identification Number on Substitute Form W-9 (the "W-9 Guidelines") for instructions on applying for a TIN, write "Applied For" in the space for the TIN in Part 1 of the Substitute Form W-9, and sign and date

the Substitute Form W-9 and the Certificate of Awaiting Taxpayer Identification Number set forth herein. If the holder does not provide such holder's TIN to the Exchange Agent within 60 days, backup withholding will begin and continue until such holder furnishes such holder's TIN to the Exchange Agent. NOTE: WRITING "APPLIED FOR" ON THE FORM MEANS THAT THE HOLDER HAS ALREADY APPLIED FOR A TIN OR THAT SUCH HOLDER INTENDS TO APPLY FOR ONE IN THE NEAR FUTURE.

If the old notes are held in more than one name or are not in the name of the actual owner, consult the W-9 Guidelines for information on which TIN to report.

Exempt holders (including, among others, all corporations and certain foreign individuals) are not subject to these backup withholding and reporting requirements. To prevent possible erroneous backup withholding, an exempt holder should write "Exempt" in Part 2 of Substitute Form W-9. See the W-9 Guidelines for additional instructions. In order for a nonresident alien or foreign entity to qualify as exempt, such person must submit an appropriate Form W-8 signed under penalty of perjury attesting to such exempt status. Such form may be obtained from the Exchange Agent.

6. Transfer Taxes.

The Corporation will pay all transfer taxes, if any, applicable to the transfer of old notes to it or its order pursuant to the Exchange Offer. If, however, new notes and/or substitute old notes not exchanged are to be delivered to, or are to be registered or issued in the name of, any person other than the registered holder of the old notes tendered hereby, or if tendered old notes are registered in the name of any person other than the person signing this Letter, or if a transfer tax is imposed for any reason other than the transfer of old notes to the Corporation or its order pursuant to the Exchange Offer, the amount of any such transfer taxes (whether imposed on the registered holder or any other persons) will be payable by the tendering holder. If satisfactory evidence of payment of such taxes or exemption therefrom is not submitted herewith, the amount of such transfer taxes will be billed directly to such tendering holder. EXCEPT AS PROVIDED IN THIS INSTRUCTION 6, IT WILL NOT BE NECESSARY FOR TRANSFER TAX STAMPS TO BE AFFIXED TO THE OLD NOTES SPECIFIED IN THIS LETTER.

7. Waiver of Conditions.

The Corporation reserves the right (subject to the limitations described in the Prospectus) to waive satisfaction of any or all conditions enumerated in the Prospectus.

8. No Conditional Tenders; Defects.

No alternative, conditional, irregular or contingent tenders will be accepted. All tendering holders of old notes, by execution of this Letter or an Agent's Message in lieu thereof, shall waive any right to receive notice of the acceptance of their old notes for exchange.

Neither the Corporation, the Exchange Agent nor any other person is obligated to give notice of any defect or irregularity with respect to any tender of old notes nor shall any of them incur any liability for failure to give any such notice.

9. Mutilated, Lost, Stolen or Destroyed Old Notes.

Any holder whose old notes have been mutilated, lost, stolen or destroyed should contact the Exchange Agent at the address indicated above for further instructions.

10. Withdrawal Rights.

Old notes tendered before the early participation date may be withdrawn at any time prior to the early participation date. Old notes tendered after the early participation date may be withdrawn at any time prior to the expiration date.

For a withdrawal of tendered old notes to be effective, a written notice of withdrawal must be received by the

Exchange Agent at the address set forth above prior to 5:00 p.m., New York City time, on the early

participation date, in the case of old notes tendered prior to the early participation date or prior to 5:00 p.m., New York City time, on the expiration date, in the case of old notes tender after the early participation date but prior to the expiration date. Any such notice of withdrawal must (i) specify the name of the person having tendered the old notes to be withdrawn (the "Depositor"). (ii) identify the old notes to be withdrawn (including certificate number or numbers and the principal amount of such old notes), (iii) contain a statement that such holder is withdrawing such holder's election to have such old notes exchanged, (iv) be signed by the holder in the same manner as the original signature on the Letter by which such old notes were tendered (including any required signature guarantees) or be accompanied by documents of transfer to have the Trustee with respect to the old notes register the transfer of such old notes in the name of the person withdrawing the tender and (v) specify the name in which such old notes are registered, if different from that of the Depositor. If old notes have been tendered pursuant to the procedure for book-entry transfer set forth in the section of the Prospectus entitled "The Exchange Offer-Book-Entry Transfers," any notice of withdrawal must specify the name and number of the account at DTC to be credited with the withdrawn old notes and otherwise comply with the procedures of such facility. All questions as to the validity, form and eligibility (including time of receipt) of such notices will be determined by the Corporation (which power may be delegated to the Exchange Agent), whose determination shall be final and binding on all parties. Any old notes so withdrawn will be deemed not to have been validly tendered for exchange for purposes of the Exchange Offer and no new notes will be issued with respect thereto unless the old notes so withdrawn are validly retendered. Any old notes that have been tendered for exchange but which are not exchanged for any reason will be returned to the holder thereof without cost to such holder (or, in the case of old notes tendered by book-entry transfer into the Exchange Agent's account at DTC pursuant to the bookentry transfer procedures set forth in the section of the Prospectus entitled "The Exchange Offer-Book-Entry Transfers," such old notes will be credited to an account maintained with DTC for the old notes) as soon as practicable after withdrawal, rejection of tender or termination of the Exchange Offer. Properly withdrawn old notes may be retendered by following the procedures described above at any time prior to 5:00 p.m., New York City time, on the early participation date or expiration date, as applicable.

11. Requests for Assistance or Additional Copies.

Questions relating to the procedure for tendering, as well as requests for additional copies of the Prospectus, this Letter and other related documents may be directed to the Exchange Agent, at the address and telephone number indicated above. A holder of old notes may also contact Global Bondholder Services Corporation or Merrill Lynch & Co. holder may do so through the automated tender offer program of DTC. By participating in the Exchange Offer, tendering holders will agree to be bound by the Letter of Transmittal that we are providing with the Prospectus as though such holder had signed the Letter of Transmittal.

We will not make any payments to brokers, dealers, or other persons for soliciting acceptances of the Exchange Offer. We will, however, upon request, reimburse brokers, dealers, commercial banks, trust companies and other nominees for reasonable and necessary costs and expenses incurred by them in forwarding the Prospectus and the related documents to the beneficial owners of old notes held by them as nominee or in a fiduciary capacity. GUIDELINES FOR CERTIFICATION OF TAXPAYER IDENTIFICATION NUMBER ON SUBSTITUTE FORM W-9

Obtaining a Number

If you do not have a taxpayer identification number or you do not know your number, obtain Form SS-5, Application for a Social Security Number Card, at the local office of the Social Security Administration or on-line at www.ssa.gov/online/ss5.html. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number to apply for an ITIN or Form SS-4, Application for Employer Identification Number to apply for an EIN. You can get Forms W-7 and SS-4 from the Internal Revenue Service ("IRS") by calling 1-800-TAX-FORM (1-800-829-3676) or from the IRS website at www.irs.gov.

If you do not have a number, write "Applied For" in the space for the taxpayer identification number in Part 1, sign and date the substitute Form W-9 and return it to the payor. You must provide a payor with a taxpayer identification number within 60 days. During this 60-day period, a payor has two options for withholding on reportable interest or dividend payments:

- (1) a payor must backup withhold on any withdrawals you make from the account after 7 business days after a payor receives the substitute Form W-9: or
- (2) a payor must backup withhold on any reportable interest or dividend payments made to your account, regardless of whether you make any withdrawals. Under this option, backup withholding must begin no later than 7 business days after a payor receives the Substitute Form W-9. Under this option, a payor must refund the amounts withheld if a payor receives your certified taxpayer identification number within the 60-day period and you are not otherwise subject to backup withholding during the period.

With respect to other reportable payments, if a payor does not receive your taxpayer identification number within the 60 days, a payor must backup withhold until you furnish your taxpayer identification number.

Certification

For interest, dividends and broker transactions, you must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct taxpayer identification number to a payor, you must cross out item 2 in Part 3 before signing the form.

Payees and Payments Exempt from Backup Withholding

Payees specifically exempted from backup withholding on ALL payments include the following:

- A State, the District of Columbia, a possession of the United States, or any of their political subdivisions or instrumentalities.

GUIDELINES FOR CERTIFICATION OF TAXPAYER IDENTIFICATION NUMBER ON SUBSTITUTE FORM W-9

EXEMPT PAYEES DESCRIBED ABOVE SHOULD FILE FORM W-9 TO AVOID POSSIBLE ERRONEOUS BACKUP WITHHOLDING. FILE THIS FORM WITH THE PAYOR. FURNISH YOUR TAXPAYER IDENTIFICATION NUMBER. ALSO SIGN AND DATE THE FORM.

Privacy Act Notice

Section 6109 of the Code requires recipients of dividend, interest, or other payments to give taxpayer identification numbers to payors who must report the payments to the IRS. The IRS uses the numbers for identification purposes. The Payor must be given the numbers whether or not recipients are required to file the tax returns. Payors must generally withhold 28% of taxable interest, dividend and certain other payments to a payee who does not furnish a taxpayer identification number to a payor. Certain penalties may also apply.

(3) Criminal Penalty for Falsifying Information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.
